Always Improving: We listen, learn, and keep getting better to give students the best experience.

Respect and Care: We treat everyone, students, staff, and partners with respect and professionalism.

Living in Australia

Australia is an ethnic melting pot. It is a country known for its world-famous natural wonders, diverse landscapes and vibrant multicultural society that practices almost every religion and lifestyle. Since 1945, more than six million people from across the world have come to Australia to live.

There are 226 languages spoken in Australia – after English, the most popular are Italian, Greek, Cantonese and Arabic. The island continent is almost as big as the USA but has a population of approximately only 25 million people (most of whom live within 50 kilometres of the coast). Australia's coastline stretches almost 50,000 kilometres and has more beaches (over 10,000) than any other country. Inland, there are vast areas of semi-arid and desert areas.

All major cities, and the nation's capital, offer exciting lifestyles, great cultural attractions, and a safe quality of life.

Multiculturalism

More than 100 ethnic groups are represented in Australia, making it one of the most culturally diverse countries in the world. Australia's dynamic multiculturalism can be attributed to its unique combination of indigenous cultures, early European settlement and immigration from all parts of the world.

Australians value the wealth of cultural diversity and social sophistication that international students bring to our campus and communities. Techie International College takes great care in looking after international students and helping them to adjust to the Australian way of life. International students also gain great benefits from their education in Australia and make lifelong friendships.

Language

Although English is the official language, more than 4 million Australians speak a language other than English, more than 800,000 speak an Asian language, the most common being Mandarin, followed by Cantonese and Vietnamese, and another 800,000 speak a European Union language. English, as it is spoken in Australia, is easily understood by nearly all people from other English-speaking nations. As you improve your English, you will learn some of Australia's colourful and often humorous slang and have fun explaining the meanings to friends and relatives.

Religion

Australia is predominantly a Christian country; however, all religions are represented. Australians respect the freedom of people to practice their choice of religion. Churches, mosques, temples, Gurudwara and synagogues are located in most major cities.

Healthcare

Australia has a very good healthcare system. All Australians pay a Medicare levy (additional tax) to fund the public health system to ensure that everyone has access to public system doctors, hospitals, and other healthcare services. People who pay extra into private health insurance funds receive extra privileges when using private healthcare services. You will find the usual healthcare services available in Australian suburbs, including GPs (doctors), dentists, osteopaths, chiropractors, psychologists, counsellors, and many complementary healthcare practitioners too (traditional Chinese medicine, naturopathy, acupuncture, kinesiology, etc.).

International students studying in Australia are required to have Overseas Student Health Cover (OSHC) for the duration of their student visa.

Food

Australia has a fantastic variety of food. Its top-quality meat, fish, fruits, and vegetables are exported to markets worldwide. There is a large range of fruit and vegetables available at Australian produce markets.

Students should have no difficulty finding the foods that they are used to at home. Students can have almost every type of cuisine in Australia's many restaurants and cafés. Ethnic restaurants offer cuisines from all around the world. Good food at reasonable prices can be found at bistros, cafés, and Aussie pubs. For those who like takeaway, most of the major global fast-food chains are well represented.

Sports and recreation

Australians are very keen on sports and outdoor activities and have gained a worldwide reputation as tough competitors in individual and team sporting events. Australia has more than 800 national sporting organisations and thousands of state and regional sporting bodies. Australians are also enthusiastic about bushwalking, fishing, boating, and water sports.

Transport

Australia has an extensive public transport system that includes trains, buses, tramways, ferries, two major national airlines and a number of regional airlines.

Driving

Tourist students may drive in Australia on a valid overseas driver's license, but if the document is not in English, visitor must carry a certified translation in English or apply for an International Driving Permit from your home country. For more details you may visit <https://www.studiesinaustralia.com/Blog/about-australia/driving-in-australia-as-an-international-student> or www.vicroads.vic.gov.au/licences/new-to-victoria/driving-with-your-overseas-licence-in-victoria or www.vicroads.vic.gov.au or <https://studymelbourne.vic.gov.au/living-here/transport/drive-a-car>.

Taxis

Metered taxicabs operate in all major cities and towns. Students can find taxi ranks at transport terminals, main hotels or shopping centres or can hail taxis in the street. A light and sign on the roof indicate if a taxi is vacant. There is a minimum charge on hiring and then a charge per kilometre travelled. You do not need to tip taxi drivers.

Uber

Uber services are also available at the airport and there is a designated pick-up place available outside the airport for Uber customers.

Telephones and Wi-Fi connections

Australia has a modern telecommunications system with mobile and internet access generally available at low cost. Overseas calls can be made over the internet data which also includes video calling.

Internet data: Free Wi-Fi, non-connections (paid) are available at majority of the places near and around Melbourne.

Airport, few shopping malls have free Wi-Fi available. Most of the shared accommodations have Wi-Fi services available through which the students can make overseas phone calls, and video calls.

Students can avail pre-paid and/or post-paid Sims depending upon their suitability and requirements of the students.

The lowest pre-paid Sims and plan costs around 12\$-15\$. The cost of pre-paid and post-paid plan keeps increasing as per your requirements, for example, more internet data and overseas calling minutes may cost you more than the plan with less internet and overseas calling minutes. However, there are many providers like Vodafone which give student discounts.

Budgeting

Students should work out a budget that covers accommodation, food, transport, clothing, and entertainment. Childcare, if applicable, should also be considered. For more information on living in Australia, costs, visit www.studyinaustralia.gov.au.

Travel

During the term breaks, students may like to venture beyond Melbourne to experience more of Australia's spectacular natural environment and great physical beauty, such as great ocean road, marine parks and national parks (The Great Barrier Reef, Kakadu, and Uluru), the Queensland rainforests and the pristine countryside and mountains of Tasmania. Student and backpacker travel agents in metropolitan cities offer cheap flights and package deals.

Money and banks

Australian currency is the only legal tender in Australia. When students first arrive, money from other countries can be changed at the exchange facilities located at international airports, banks, and major hotels. Travellers' cheques are easier to use if already in Australian dollars, however, banks will cash travellers' cheques virtually in any currency. Major hotels and some shops, depending on individual store policy may also cash travellers' cheques.

It is a good idea to set up an Australian bank account. You will need to provide visa details and evidence of residency. Banking services in Australia are extremely competitive. All major banks have branches in cities and regional centres. Major Banks include ANZ, Westpac, National Bank, Commonwealth Bank. Community banks, like Bendigo Bank, are a popular alternative. Most shopping centres have Automatic Teller Machines (ATM) facilities. These machines can be used for deposits and, in many instances, withdrawals 24 hours a day. Many department stores, supermarkets and specialist shops have electronic transfer terminals (EFTPOS) where cash withdrawals can also be made in addition to purchasing goods.

More information on banking is available at www.studyinaustralia.gov.au. Normal bank trading hours are from Monday to Thursday - 9.30 am – 4.00 pm, Friday - 9.30 am – 5.00 pm and some banks are open Saturday mornings. The timings may vary.

Credit Cards

Credit cards are widely accepted around Australia. The most accepted credit cards are Visa and MasterCard.

Currency

Australia uses a dollars and cents system of decimal currency with 100 cents in a dollar. The bank notes in use are \$5, \$10, \$20, \$50 and \$100. Coins used are the silver-coloured 5 cent, 10 cent, 20 cent and 50 cent coins and the gold-coloured \$1 and \$2 coins.

Tipping

Tipping is not the general custom in Australia and service charges are not added to accounts by hotels and restaurants.

Finding Accommodation

The following types of accommodation are available for international students.

Home Stay

This option is an opportunity for students to live in a private home, with a local family, couple or single person and learn about Australian life. You may need to compromise with living arrangements as you will need to fit in with the household's routines and expectations. You will need to think about the things that are important to you. You may need to ask about how adaptable mealtimes are in relation to your studies and other commitments.

There are different types of homestay arrangements. The weekly cost may range from \$275 to \$410, with packages that include internet access, laundry facilities, and utilities (such as power and water). For further details, students can visit <https://www.homestaynetwork.org/melbourne-pricing>.

Lease/Rent

Renting an apartment or house is done through a real estate agent. You must sign a contract called "lease" to rent the house, either month-by-month or sometimes a 6-month, 12-month or 2-year lease is required. The lease entitles you to private use of the property for the duration of the lease. The advantage of this is privacy and independence. You must pay a bond (the equivalent of one month's rent, to cover any damage you may do to the premises).

You are responsible for paying all bills (except council rates), maintenance of the property and providing all your own furniture and household items.

If you choose a house or apartment in a popular area, there will be much competition. The real estate agent selects the tenants who they believe are the most stable and able to meet the requirements of the lease.

Rent varies depending on whether you share or live alone. It can be from \$100 to \$400 per week.

Living in Melbourne

Melbourne is the capital city of Victoria with a population of over 4 million people. It is Australia's second largest city.

The city offers wonderful experiences, a great climate, friendly people, and quality education. Situated on the Yarra River and around Port Phillip Bay, the city has beautiful beaches and excellent water sport facilities. It is a spacious city with many parks & gardens, sporting venues, and scenic attractions.

In the 2024 Global Liveability Index external link by the Economist Intelligence Unit (EIU), Melbourne is ranked as the 4th most liveable city in the world and the most liveable city in Australia, <https://liveinmelbourne.vic.gov.au/discover/melbourne-victoria/why-melbourne?>

Climate

Melbourne has a temperate climate with four distinct seasons:

- **Winter (June - August)**
Temperatures range from 10-15°C
- **Spring (September - November)**
Temperatures range from 17-22°C
- **Summer (December - February)**
Temperatures can rise above 35°C
- **Autumn (March - May)**
Temperatures range from 17-24°C

Events and Entertainment

Melbourne is a cosmopolitan city that is full of life. The city hosts a variety of festivals, cultural and sporting events, including the Australian Grand Prix, the Australian Open, the Spring Racing Carnival, Melbourne International Arts Festival, Melbourne Food and Wine Festival, Spring Fashion Week and the Melbourne Fringe Festival, Melbourne International Comedy Festival, Chinese New Year Parade, and Moomba Parade.

Melbourne is Australia's festival capital, with free events held in city and community venues each month. The city's beautiful green and spacious surrounds are very attractive for social, sporting, and other outdoor activities. There are plenty of opportunities for international students to have an enjoyable time with friends.

Study

Melbourne boasts an abundance of fine universities and colleges with international reputations. For this reason, Melbourne is best student city in the country and an ideal place to study for students.

Transport

Melbourne has an excellent public transport system with trains, trams and buses providing an extensive network throughout the city and suburbs. Taxis are plentiful and safe and are available 24 hours a day.

Services and Facilities

Techie International College is committed to the success of its international students. Techie International College offers a wide range of support services for students throughout their studies at Techie International College.

Orientation Sessions

Many students find life in Australia quite different from life in their home country; therefore, Techie International College organises an orientation day to help students become familiar with Australian culture and customs and to introduce students to the institute and its services.

All students are required to attend an orientation information session prior to the commencement of their course. Students will be required to complete Student Enrolment form (Appendix 1 of this kit) on Orientation Day prior to the course commencement. The form must be completed by the student to ensure that the institute has the most current and up-to-date contact details on record. Students will be reminded of their obligations to notify Techie International College within 7 days of any change to student's contact details (address, phone number, email, emergency contact).

The orientation session is designed to support overseas students in adjusting to life and study in Australia by providing access to an age- and culturally-appropriate orientation program. The program includes information about:

- Support services available to assist students in adapting to study and life in Australia
- English language and study assistance programs
- Relevant legal services
- Emergency and health services
- Techie International College' facilities and resources
- Feedback, complaints, and appeals processes
- Course attendance and academic progress requirements, as applicable
- Support services available for students experiencing personal or general circumstances that may adversely affect their education
- Services providing information on students' employment rights and conditions, and resolving workplace issues (e.g., via the Fair Work Ombudsman)

Cost of Living

Australia provides good quality and affordable accommodation. Students will need \$29,710 per year (excluding tuition) to cover living expenses including accommodation, food, transport, entertainment, clothing, and books. The Financial Capacity Requirement for student and student guardian visas has increased from \$21,041 to \$29,710 effective 10th May 2024.

Refer to <https://immi.homeaffairs.gov.au/news-media/archive/article?itemId=1196>. Students can also calculate the cost of

living on their own by using the link www.studyaustralia.gov.au/english/live/living-costs or <https://studymelbourne.vic.gov.au/living-here/money-and-budgeting/cost-of-living-calculator>.

In case where your partners coming with you - AUD \$10,394 and additional AUD \$4,449 for child coming with you.

- **Public transport** - \$30 to \$60 per week
- **Car (after purchase)** - \$150 to \$260 per week
- **Entertainment** - \$80 to \$150 per week

Student Banking

International Students can now open a bank account before they arrive in Australia. Most leading banks offer a comprehensive range of personal, business, and institutional banking products and services. By choosing a major Australian bank, students can be assured their money is safe; and bank branches, ATMs and other banking services are conveniently accessible.

For further information on how to open a bank account online, simply visit any of the major four banks listed below or one of the smaller banks:

Commonwealth Bank of Australia: <https://www.commbank.com.au/personal/can/moving-to-australia.html>

Enrolment Information

Student Handbook has been developed to provide prospective students with clear and accurate information which will allow them to make an informed decision about their study plans with Techie International College. It contains information about

the courses we offer, the location where these courses will be delivered, duration of the courses including holiday breaks, the modes of delivery, fees and costs, admission procedures at Techie International College. The handbook also explains the training and assessment arrangements, available support services, and the rights and responsibilities of students during their study.

Students are strongly advised to read this handbook thoroughly before submitting an application. Students are encouraged to contact Techie International College and talk to one of our friendly, informed staff members if they are unsure about any information included in this or have any questions.

Students must complete the student application form and Pre-Training Review form (attached within the application form) and send the completed forms along with all the relevant documents and the Application fee to Techie International College. You can also submit your application through one of our authorised agents. A list of approved agents can be found on our website www.techie.edu.au.

All students are required to possess Language, Literacy, Numeracy and Digital Literacy (LLND) skills to perform calculations or complete any other course-related activities. Techie International College assesses students' Language, Literacy, Numeracy, and Digital (LLND) skills through a test conducted prior to enrolment. Students are emailed a link to course information, along with the LLND test kit, Application Form, PTR Form, and the Student Handbook. The LLND test must be completed honestly and independently. During the Pre-Training Review (PTR) interview, responses may be verified. If a student is suspected of being dishonest, they will be required to retake the test on campus using the ACSF-aligned LLND Robot under the supervision of a qualified assessor.

Techie International College will assess student's needs during the Pre-Training Review (PTR). PTR will be conducted prior to the enrolment to review student's current competencies, student needs, English level, and support requirements, including their oral communication skills, in order to enrol them in the most appropriate course to achieve their intended outcomes.

Applicants are required to fill up the PTR form given inside the application form as Appendix 1 and answer all the questions in a true and correct manner. Any competencies previously acquired will be identified during PTR and the most appropriate qualification for that student to enrol in will be ascertained, including consideration of the likely job outcomes from the development of new competencies and skills (Recognition of Prior Learning (RPL) or Credit Transfer). One of our staff will conduct a PTR call to verify the answers provided by the students. Techie International College may also verify evidence provided by you of your IELTS/equivalent test score and secondary school certificate.

Student selection for each course will be conducted in accordance with Techie International College's access and equity principles, ensuring fair, inclusive, and merit-based decisions. Completion and submission of the student's application form does not imply that Techie International College will make an offer to you. All applicants must complete both the LLND assessment and PTR process before a final enrolment decision is made. If an applicant does not meet the required entry criteria, they will be informed and, where possible, guided toward alternative study options or support pathways.

Techie International College will issue Letter of Offer to successful applicants after all the documents have been verified. The offer letter will include all detailed instructions and conditions for accepting the student agreement. You must carefully read and sign the written agreement, pay the fee requested in the student's written agreement and send it to Techie International College. Techie International College will not accept any course fees without a student's written agreement. Once the completed and signed written agreement and fee is received (and cleared by the bank), Techie International College will issue a Confirmation of Enrolment (COE). For more detailed guidance on this process, students can refer to the Enrolment Kit available on our website.

The test must have been taken no more than two years before you apply to study at Techie International College.

Academic requirement

For **BSB50120 - Diploma of Business**, **AUR30620 - Certificate III in Light Vehicle Mechanical Technology**, **SIT30821 - Certificate III in Commercial Cookery**, **SIT40521-Certificate IV in Kitchen Management**, **SIT50422 - Diploma of Hospitality Management**, **MSF30322 - Certificate III in Cabinet Making and Timber Technology**, **CPC30220 - Certificate III in Carpentry**, **CPC30620 - Certificate III in Painting and Decorating**, **CPC40120 - Certificate IV Building and Construction**, **CPC50220 - Diploma of Building and Construction (Building)**, applicants should have successfully completed year 12/ Senior Secondary School studies in their home country, equivalent to the Australian Senior Secondary School Examination (Year 12).

For BSB60120 - Advanced Diploma of Business -To enter this qualification, applicants should have completed a Diploma or Advanced Diploma from the BSB Training Package (current or superseded equivalent versions) or have two years equivalent full-time relevant workplace experience in an operational or leadership role in an enterprise.

For **BSB80120 - Graduate Diploma of Management (Learning)** - To enter this qualification, applicants should have successfully completed at least AQF Diploma or Advanced Diploma qualification in Australia.

For AUR40216 - Certificate IV in Automotive Mechanical Diagnosis - To enter into this course delivered at TIC, applicants must have completed an automotive mechanical Certificate III qualification, or be able to demonstrate equivalent competency.

For all the qualifications delivered at TIC, mature age students will also be considered without the minimum education requirements considering they have relevant work experience within the chosen area of study and a demonstrated capacity to meet the course requirements. A minimum of 2 years' experience would normally be expected; however, each case will be reviewed individually with relevant work experience evidence in the form of an employment reference letter on company letterhead, work samples, and curriculum vitae submitted will be considered. Such learners will be assessed for possible RPL opportunities, and their course duration and volume of learning will be adjusted accordingly if any RPL is granted.

The Institute has detailed guidelines and procedures when considering relevant qualifications and experience for mature-age students. Please refer to the copy of the guidelines available at the institute. Students can email their request for this copy at info@techie.edu.au.

Language, Literacy, Numeracy and Digital (LLND) Assessment

All students applying to enrol in a course at Techie International College are required to complete a Language, Literacy, Numeracy, and Digital (LLND) assessment prior to enrolment. This assessment, mapped to the Australian Core Skills Framework (ACSF), helps determine whether the student possesses the core skills necessary to successfully undertake their chosen course. Sound LLND skills are essential, as students will be expected to complete course-related tasks such as calculations, written work, and the use of digital tools.

The results of the LLND assessment, combined with the outcomes of the Pre-Training Review (PTR) interview, assist the Institute in confirming whether a student is academically prepared to begin training. Where required, students may be identified as needing internal learning support or referred to external support programs, such as foundation skills or ELICOS courses. This process ensures each student is placed in a course that matches their abilities, receives the appropriate level of support, and is positioned for success in their learning journey.

Techie International College will conduct the LLND (Language, Literacy, Numeracy, and Digital skills) test prior to enrolment. Once a student expresses interest in enrolling in a course, the College will share the pathway to the relevant section of its website to provide all marketing materials. The student will receive an LLND test kit, Application Form and PTR Form via email. Additionally, a copy of the Student Handbook will be sent to ensure the student has all the necessary information before making an enrolment decision. Techie International College expects students to complete the LLND test honestly and independently.

During the Pre-Training Review (PTR) interview, students will be asked questions related to their LLND test responses to confirm that the test was completed honestly. If the LLND assessor or other appointed officer conducting the PTR interview suspects that the student did not complete the LLND test honestly or independently, the student will be required to retake the LLND test on campus by using an ACSF-mapped online LLND assessment tool - LLND Robot - under the supervision of a qualified LLND assessor.

LLND skills play a critical role in supporting students throughout their learning journey. These skills enable students to understand course materials, apply numeracy in relevant contexts, and effectively engage within the given learning environments.

- Language skills are necessary for understanding instructions and engaging in verbal communication.
- Literacy skills are required for reading course materials, writing assessments, and interpreting information.
- Numeracy skills are important for performing calculations, measuring, and managing tasks involving numbers.
- Digital skills are essential for navigating online systems, participating in e-learning activities etc.

To determine each student's support needs and assess the suitability of the chosen training product, undertaking a Language, Literacy, Numeracy and Digital (LLND) skills assessment is a mandatory requirement prior to enrolment.

All students are required to undertake a language, literacy, Numeracy and Digital Literacy (LLND) test according to the following qualifications:

Assessment Outcome and Support

- Students are required to demonstrate the minimum Australian Core Skills Framework (ACSF) performance levels appropriate to the qualification they are seeking to enrol in.
- If a student meets the required level in at least three core skills, including the digital literacy component, but is only one level below in one or two other areas, they may still be accepted into the course. In these cases, the student will be offered LLND* support, like extra resources or reasonable adjustments, to help them succeed.
- A student failing to demonstrate LLND level in more than two components does not have the required skills to successfully obtain the qualification applied for and Student support team will discuss available lower-level course options or refer to a suitable ELICOS provider for further LLND development. (ELICOS is not offered at Techie International College)

*LLND support-If students do not meet the recommended English and/or LLND requirements, students will be referred for additional support, which will be provided by the institute with ACSF Support Plan or students may also be asked to take further Language, literacy, numeracy and digital, such as ELICOS programs at other institutes to ensure that students are provided with support and proper guidance. Techie International College does not offer ELICOS programs.

ACSF Support plan is a plan developed for students who are facing difficulties in meeting LLND requirements. This plan is implemented for students to achieve expected learning outcome. Support learning outcomes will be provided in the areas where students have been identified as facing difficulty and if a student's performance level is less than the required level. Support plans will be developed on an individual case-by-case basis.

Support plan can be created in areas namely:

1. Learning
2. Reading
3. Numeracy
4. Writing
5. Oral Communication
6. Digital Literacy

If required, students can also be provided with support in Grammar, Vocabulary, and Pronunciation. Students must contact Techie International College to seek assistance or support in Language, Literacy, Numeracy, and Digital LLND) for more details available on Techie International College's website: www.techie.edu.au. Refer to LLND policy for more details.

Students are requested to speak to the Student Support Officer or Administration Manager to discuss the support measures that they might need. Techie International College will provide support with no additional cost.

Education agents or any third party will not be authorised to conduct PTR or LLN test on behalf of Techie International College.

Computer Literacy Requirements

All students enrolling in Techie International College courses are expected to have basic computer and digital literacy skills. As part of the application process, students are required to fill in the questions related to computer and internet skills in the Pre-Training Review form provided along with the application form, which includes questions related to their computer and internet using skills.

Digital literacy will be evaluated before enrolment to confirm that students can access and navigate online tools, upload materials and follow digital instructions. Students must also have adequate access to devices such as a computer and headset, as well as reliable internet connectivity. TIC will provide basic digital skills support, including help with using communication platforms (e.g., email, video conferencing), completing online tasks (e.g., uploading assessments), and accessing printing and digital tools. Any gaps identified in Language, Literacy, Numeracy, or Digital (LLND) skills will be addressed accordingly - minor gaps may be supported through pre-training assistance or external resources, while significant gaps may result in a referral to alternative programs or pathways. To arrange digital support, students must contact the Student Support Officer or contact us at +61 42 264 7275.

Minimum age requirements

Students must be above 18 years of age while filling out the application form.

Materials and Equipment Required

TIC will provide access to computers with required resources, including access to the internet during classroom hours; however, to work on the assignments and tasks for self-study, all learners are expected to have access to a laptop or computer with the Windows 7 operating system or higher. Students must have an active email address for communication and be contactable by phone (mobile or landline) and by mail (postal address). All learners are expected to have access to MS Office applications such as Microsoft Word, an email platform.

Material provided for Building and Construction, Carpentry, and Painting and Decorating Courses: Material fees will cover printed/online reading and learning materials, a neon/glowing safety vest, protective glasses, earmuffs, a hard hat, and the workshop tools and equipment, like wood, timber, paint, and working tools. However, personal protective equipment (PPE), such as steel-toe safety shoes, a working uniform, and a mask, must be purchased by the student. A complete PPE kit is required to enter the workshop and to undertake training effectively. Students can either arrange these items themselves or purchase them from TIC's recommended supplier. For further inquiries, contact us at +61 4 2264 7275.

Material and Equipment for Light Vehicle Mechanical Technology and Automotive Mechanical Diagnosis

Material fee for automotive course includes learning and printing material and workshop tools at Techie International College's Automotive Workshop. However, students are responsible for purchasing their own Automotive workshop kit because of the hygiene purposes, which should include safety glasses, a neon or glowing safety vest, protective gloves, earmuffs, working uniform and work boots (steel toe). If you need recommendations for suppliers, please reach out to the institute. Student can either arrange these items themselves or purchase them from TIC's recommended supplier. For further inquiries, contact us at +61 4 2264 7275.

Material and Equipment for Commercial Cookery, Kitchen Management and Hospitality

The material fee for hospitality includes a kitchen tool kit, chef's uniform, and knife kit required for training. However, students are responsible for purchasing steel-toe safety boots, which are mandatory for kitchen practicals. Student can either arrange these items themselves or purchase them from TIC's recommended supplier. For further inquiries, contact us at +61 4 2264 7275.

Material and Equipment for Cabinet Making

Learners will be required to have a Personal Protective Equipment (PPE) kit for cabinet making. This will include enclosed steel-capped safety boots (heavy leather uppers and heavy-duty soles that conform to AS2210), clear protective safety glasses (meeting Australian standards), a safety vest (neon/ glowing), protective gloves, earmuffs (that conform to the Australian Standard AS 1269 or 1270), working uniform or protective clothing (long heavy cotton drill trousers and cotton drill shirt), dust masks and hard hat. This PPE kit will be required to enter the workshop and to be able to undertake training effectively.

The students will be provided with hard hats, earmuffs, clear protective safety glasses (meeting Australian standards), a safety vest (neon/ glowing). However, students are responsible for arranging their own steel-capped safety boots and additional PPE, which can be purchased independently or from TIC's recommended supplier.

Note: Learners have the option to purchase the **PPE kit** from the institute or from external suppliers. If choosing an external supplier, learners must ensure that the PPE kit complies with OHS requirements. For additional information or to inquire about PPE kit suppliers, please contact TIC at +61 422 647 275.

Workplace suitability assessment

The WBT coordinator will determine the suitability of a potential host employer, including supervision and occupational health and safety requirements. Work-based training sites will be assessed for work-based training suitability by the WBT assessor using the Workplace Training Facility Checklist. The WBT Coordinator will use a suitability checklist to determine the following: ABN registration, menu and meal type served, work safety, OHS safety measures in regard to equipment resources available, and the capacity of number of learners the Host Employer is able to have at any one time conducting Work-Based Training.

Alternative Arrangements if the industry workplace does not meet the requirements

If the student's workplace site does not meet suitability, the WBT coordinator will allocate another WBT facility which can provide the opportunity for the identified gap, e.g., Missing equipment, meal type, or menu style or menu items. Work-based training will be conducted at an approved industry workplace commercial kitchen with whom TIC has an agreement.

Physical Abilities Requirements

Learners are expected to have physical abilities and manual handling as it is a physically demanding occupation. As part of these qualifications, students are expected to have:

For Building and Construction

- Ability to be on their feet for extended periods, both walking and standing, bending and maintaining consistent physical performance throughout your day
- Ability to work in various environments (e.g., changing conditions, both hot and cool conditions, low light, indoors/outdoors)
- Ability to work at heights
- Capacity to wear Personal Protective Equipment (PPE)
- Tolerance to dust, sand, etc.

For Light Vehicle Mechanical Technology and Automotive Mechanical Diagnosis

- Ability to be on their feet for extended periods, both walking and standing, bending and maintaining consistent physical performance throughout the day
- Capacity to wear Personal Protective Equipment (PPE)
- Manual dexterity and fine motor skills, including the ability to undertake precisely coordinated movements of the hands (e.g., pushing, pressing, turning, pinching, squeezing, tensioning).
- Manual handling techniques (e.g., lifting, carrying, pulling, pushing etc.)
- Manually operate machinery and equipment (e.g., hand tools, portable electric tools)
- Flexibility as most work in cramped places, such as underneath a jacked-up automobile (bending, turning and squatting)
- Tolerance to dust, chemicals, oil, etc.

For Painting and Decoration, Carpentry, Cabinet Making

- Ability to be on their feet for extended periods, both walking and standing, bending and maintaining consistent physical performance throughout the day
- Ability to work in various environments (e.g., changing conditions, both hot and cool conditions, low light, indoors/outdoors)

- Ability to work at heights (e.g., on ladders, elevated work platforms and scaffolding)
- Capacity to wear Personal Protective Equipment (PPE) (e.g., masks when painting, sanding, etc.)
- Fine motor skills, including the ability to undertake precisely coordinated movements of the hands (e.g., pushing, pressing, turning, pinching, squeezing, tensioning).
- Manual handling techniques (e.g., lifting, carrying, pulling, pushing etc.)
- Manually operate machinery and equipment (e.g., hand tools, portable electric tools)
- Good hand-eye coordination and manual dexterity to handle tools and materials accurately
- Good spatial awareness and understanding of measurements, angles, and dimensions

Physical Abilities and handling complex foods for SIT qualifications

Students pursuing the course should possess the necessary physical abilities and manual handling skills required to perform various tasks involved in the training. The course involves hands-on culinary activities, including lifting heavy pots and pans, and learners should be capable of safely engaging in such practical exercises. As part of the course, students will work with a diverse range of complex foods, including various processed or raw meats, poultry, seafood, and dairy items. It is essential for learners to be aware of and comfortable with handling these food items, considering any religious or dietary barriers that may affect their participation in the course.

In line with its Access, Equity and Reasonable Adjustment policy, Techie International College will identify any barriers presented by learners during Pre-Training Review before enrolment and may provide support and reasonable adjustment where possible.

Pre-training Review

All students are required to undertake pre-training review prior to enrolment. PTR aims to identify their training needs through questions on previous education or training, relevance of the courses to student, basic computing skills, support requirements and interview conducted by Techie International College's enrolment officer.

PTR will be conducted prior to the enrolment to review student's current competencies, student needs, English level, and support requirements including their oral communication and digital skills, in order to enrol them in the most appropriate course to achieve their intended outcomes. Applicants are required to fill up the PTR form along with the application form and answer all the questions in a true and correct manner. Any competencies previously acquired will be identified during

PTR and the most appropriate qualification for that student to enrol in will be ascertained, including consideration of the likely job outcomes from the development of new competencies and skills (Recognition of Prior Learning (RPL) or Credit Transfer).

The pre-training review ensures that Techie International College:

- understands the student's reasons for undertaking the course.
- ensures the suitability of the training to the students.
- understands the student's current competencies and therefore provides opportunities for these to be assessed.
- Identifies possible Recognition of Prior Learning (RPL) and/or Credit Transfer (CT), student's English level, oral communication skills, knowledge on Language Literacy and Numeracy skills.
- check if the training and assessment strategies employed to deliver the course suit the student's needs, and
- Provides relevant support required for the student to succeed in the course (RTOs 2025 Standard 2.3 and 2.4).

1. Training Support

- **Tailored internal support**, such as one-on-one academic assistance, supplementary tutorials, or access to assistive technologies, such as specialised tools, devices, software, or equipment designed to support students with disabilities, learning difficulties, or Language, Literacy, Numeracy, and Digital (Refer to the LLND section above for more information on assessment and available support) needs. These supports are provided to ensure all students can access and participate in training and assessment effectively and equitably, in line with Standard 2.4 of the RTO Standards 2025.

- **Reasonable adjustments**, in alignment with the Access, Equity and Reasonable Adjustment Policy and in accordance with SRTOs 2025 standard 2.4, the Institute provides reasonable adjustments to accommodate students with disabilities, medical conditions, or learning support needs without compromising the integrity or outcomes of the training product.

At the time of application and enrolment, students are informed of their right to voluntarily disclose any disability or condition that may affect their learning. They are also assured that any personal information collected for this purpose will be handled confidentially and in accordance with the Institute's privacy obligations. This information is used solely to identify and plan appropriate support strategies and adjustments.

Examples of reasonable adjustments that may be offered include:

- Flexible scheduling of course activities and assessments
- Additional time for completing assessments or opportunities to submit drafts for feedback
- Use of assistive technologies (e.g., screen readers, speech-to-text tools)
- Learning materials in alternative formats (e.g., audio, large print, simplified text)
- Customised delivery methods, activities, or presentation styles
- Choice of assessment format, where appropriate
- Physical modifications to the learning environment (e.g., accessible seating arrangements)

Techie International College has systems in place to work collaboratively with the student, trainers, assessors, and, if needed, external professionals to determine, implement, and monitor appropriate adjustments. All reasonable adjustments are documented and reviewed on a case-by-case basis. Where a proposed adjustment is found to be insufficient for enabling the student to meet the core requirements of the qualification or training product, the reasons are clearly documented and communicated to the student. In such cases, alternative pathways, including additional support or referrals, will be discussed to support the student's long-term learning goals.

- **Referral to external programs**, including accredited foundation skills courses or ELICOS programs for those who need further development in English language or core skills (Note: Techie International College does not deliver ELICOS programs directly).

2. Wellbeing Support

Learner wellbeing support includes services and strategies that address:

- Mental health and emotional wellbeing
- Stress, anxiety, or personal difficulties
- Work-life-study balance
- Bullying, harassment, or discrimination
- Adjustment to a new learning or cultural environment
- Referrals to external support services when required

- clearly communicates the course structure, schedule, and assessment requirements to students. Assessments may include written assignments, projects, practical demonstrations, and workplace assessments, as applicable. Students will receive detailed assessment requirements at orientation and in their unit outlines.
- inform students of any licensing or occupational prerequisites relevant to their chosen course, as applicable.
- provides details about required materials, equipment, and IT resources.
- explains important administrative information, including withdrawal processes, refund policies, and USI (Unique Student Identifier) requirements.
- conducts a comprehensive Pre-Training Review (PTR) for all students, including assessments of Language, Literacy, Numeracy (LLND), and Digital Literacy skills, with appropriate support offered where needed.

Guidelines for PTR

1. Students are required to fill up the PTR form, which is included in the Application form as "Appendix 1" and read all the details of their course, policies, and procedures of the Institute before filling up the answers. Information can be made available from the website.

2. Students are required to answer the questions in a true and correct manner. The Enrolment officer will ensure that the PTR form received along with the application form is completed by the student intending to apply for the course.
3. Enrolment officer will conduct a Pre-Training Review Interview via Telephonic Conversation or via face-to-face.

PTR Interview conducted via Telephone-If PTR Interview is conducted via telephone, Enrolment officer will call the student and check student's identity like name, date of birth and/or course undertaken to ensure that the student has genuinely completed the information by himself/herself. For telephonic Conversation, a communication log will be retained by making notes of the response of the discussion by the Enrolment Officer.

PTR Interview conducted Face to Face- During face-to-face PTR interview, Enrolment officer will verify with the student if all the answers have been completed by the student. Discussion notes will be maintained and recorded by Enrolment Officer. *The discussion notes will be recorded in the "Summary of the Discussion" section by the Enrolment Officer (Office use).*

1. During both Telephonic and/or Face-to-face PTR Interview, Enrolment officer will verify the answers provided by the student and check:

- if the student is aware of the policies, procedures, and other information necessary for the students.
 - if the student has received true and accurate information and if they are suitable to undertake the course/s.
2. **If students have not received sufficient information, i.e.,** are not aware of the policies, procedures, and other information necessary for students to make enrolment decision to study at Techie International College, Enrolment officer will provide necessary information to the student required to make enrolment decision.

3. **For example: If students have answered "No" or have not answered the questions in the PTR form,** Enrolment officer will provide students with true and accurate information so that students can make an informed decision about their enrolment in the courses at Techie International College.

4. While conducting PTR, Enrolment officer will take information from the Application form and Pre-training review form to identify any support and needs required by the student, which includes disability support, RPL/CT, English language support, etc.

5. At the final stage of the PTR, the Enrolment officer will fill up the pre-training evaluation checklist to ensure that the student is enrolled in a course suitable to his/her needs, abilities, and study/career goals, and to recommend appropriate learning or other support.

Enrolment officer will take holistic approach while assessing student's answers during Pre-Training Review by ensuring that all the answers provided by students aligns with their educational and future goals.

Enrolment officer will have a thorough discussion with the student and will offer support or guidance if required.

Application Rejection

Student's Application will be rejected if:

- Student does not have the appropriate level of skills and the ability to undertake the course successfully.
- Enrolment in the course is not aligned with the student's educational goals, work/career goals and/or previous experience in that area (if any).
- Student does not meet the entry requirements specified for the course, including English requirements, academic requirements, age, and does not have the ability to undertake courses at Techie International College successfully.
- Student does not have appropriate listening and oral communication skills as interpreted during the PTR Interview.

Enrolment officer will inform the student before rejecting the application and discuss reasons for rejection.

Students are encouraged to contact Techie International College administration at +61 42 264 7275 to ask any doubts they may have.

Note: Techie International College does not make any verbal or written guarantees that a student:

- will successfully complete a training product.
- can complete a training product in a manner which is inconsistent with any of the requirements set out in an instrument made under section 185 of the Act, as in force from time to time; or
- will obtain a particular employment outcome, where obtaining such an employment outcome is not within the organisation's control.

Recognition of Prior Learning (RPL) and/or Credit Transfer (CT)

If a student is granted with RPL or course credit, Techie International College will give a written record of the decision to the overseas student to accept and will retain the written record of acceptance and payment receipts for two years after the overseas student ceases to be an accepted student.

If student is granted with RPL or course credit, which will reduce overseas student's length course,

- Students will be informed of the reduced course duration following granting of RPL and ensure the confirmation of enrolment (CoE) is issued only for the reduced duration of the course.
- Any changes in course duration will be reported in PRISMS, if RPL or course credit is granted after the overseas student visa is granted.
- Students are requested to refer to "Course Credit and RPL policy" for more details available on the website www.techie.edu.au.

Training and Assessment

Techie International College has training and assessment strategies and practices that align with Standards 1.1 to 1.4 of the Standards for RTOs 2025, ensuring that all current and prospective learners are trained and assessed in a manner that meets the requirements of the nationally endorsed training packages or accredited courses, and supports quality learning outcomes.

Competency-Based Training and Assessment

In vocational education and training, people are considered to be competent when they are able to apply their knowledge and skills to successfully complete work activities in a range of situations and environments.

Knowledge test, Case studies/Scenario/Role play, Projects, Presentations, Practical demonstrations are adopted by Techie International College, and assessment practices aim to make sure that the individuals participating in the training and assessment has the competence to undertake their work role to the standard expected in the relevant workplace.

Those being assessed are often referred to as students or learners. In specific cases, where support needs or special circumstances are identified, such as language, literacy, numeracy, disability, or other barriers, reasonable adjustments may be made to the assessment process. This may include changes to assessment timing or method of evidence collection.

Note: While adjustments are made to ensure accessibility and fairness, the requirements of the training package, including performance and knowledge evidence, cannot be altered. Adjustments apply only to the way evidence is gathered, not to the standards or outcomes required.

TIC's trainers and assessors hold the required qualifications, maintain current industry knowledge, and engage in ongoing professional development to ensure training and assessment remain relevant and up to date (Standard 1.1)

For more details, please refer to the Assessment Policy available on the Techie International College website or request a printed copy from the administration team at reception.

Mode of Study and Delivery Approach

The courses at Techie International College will be delivered face to face in a classroom with a combination of interactive case studies and scenarios in the classroom with opportunities to participate in the practical application of skills and knowledge through practical industry-based simulated training activities and workshop classes participation for a minimum of 20 hours per week.

Techie International College uses a range of delivery approaches to ensure its courses are delivered at the highest standards. Course delivery approaches include Classroom lectures, Practical sessions involving small groups, individual and team activities and project use of simulated environment, assessment and project, case studies and presentations. During class time, Students

will be expected to participate by answering questions, giving opinions, demonstrating tasks, working with others in groups, making presentations and role-playing situations.

Work-Based Training (WBT)

Work-Based Training (WBT) is included in SIT30821 Certificate III in Commercial Cookery and SIT40521 - Certificate IV in Kitchen Management for the unit SITHCCC043 – Work Effectively as a Cook, requiring 196 hours in a commercial kitchen. Students must complete a logbook for each service period, with tasks recorded and verified by a workplace supervisor, trainer, or assessor.

WBT will take place at an industry workplace with which TIC has a formal agreement. Students may also use their own workplace, subject to approval by the WBT Coordinator, who will assess its suitability, including supervision and WHS compliance.

Teacher-to-student ratio

For SIT30821 - Certificate III in Commercial Cookery, SIT40521 - Certificate IV in Kitchen Management, SIT50422 - Diploma of Hospitality Management: To ensure quality delivery of training and assessment, amount of adequate support, TIC trainers to student ratio will not exceed 1:20 for theory classes and Kitchen practical classes (2 burners per student) and bench space available (1.5 meter per person) and other resources available.

For CPC30620 - Certificate III in Painting and Decorating, CPC30220 - Certificate III in Carpentry, MSF30322 - Certificate III in Cabinet Making and Timber Technology, AUR30620 - Certificate III in Light Vehicle Mechanical Technology, AUR40216 - Certificate IV in Automotive Mechanical Diagnosis, CPC40120 – Certificate IV Building and Construction, and CPC50220 – Diploma of Building and Construction (Building): To ensure quality delivery of training and assessment, and an adequate amount of support, the TIC trainers-to-student ratio will not exceed 1:20 for theory classes and practical classes.

For Business Courses and Graduate Diploma of Management, the trainer-to-student ratio will not exceed 1:25.

Each session will be delivered through active participation between both the trainer and the students. Each session will allow enough time for the students to learn the topic, undertake practice opportunities for reinforcement, and complete/submit set tasks required for assessment purposes.

Industry consultations involving industry representatives have also been conducted to ensure students and teachers have access to well-researched and relevant information. Techie International College will continue to source and generate the highest quality of teaching resources and contextualise the resources to enable the best learning outcomes for students.

The instructional guides and assessment tools have been reviewed and contextualised to address all elements, performance criteria, skill and knowledge, critical aspects of evidence, dimensions of competency and employability skills for each unit of competency wherever applicable.

Course Assessment and Methods

Assessments comply with the assessment guidelines defined in the nationally endorsed training packages relevant to our scope of registration. All trainers have achieved the relevant qualification they are delivering or have achieved an equivalent or higher-level qualification and have relevant current industry experience. All the trainers with qualifications awarded overseas have formal evidence of equivalence from an approved Australian Recognition Authority. High-quality training and assessment mean the students are well equipped for the employment or further study; their qualification is seen as credible when they enter the job market; and they are judged by employers as holding the skills and competencies specified in their qualification.

Note: Techie International College doesn't claim any job guarantees or employment with its programs/courses.

All of our assessments will lead to the issuing of either a Statement of Attainment or a qualification under the Australian Qualifications Framework (AQF), where a student is assessed as competent against nationally endorsed units of competency. In accordance with Standard 1.4 of the Standards for RTOs 2025, all assessments at TIC are designed and conducted in line with the Principles of Assessment (fairness, flexibility, validity, reliability) and the Rules of Evidence (validity, sufficiency,

authenticity, currency). For more information, refer to www.asqa.gov.au/how-we-regulate/revised-standards-rtos/practice-guides/integrity-nationally-recognised-training-products.

All assignments will be in accordance with the principles of assessment and rules of evidence. Assessment approaches may be undertaken by observation of performance in class, practical demonstrations, case studies, projects, assignments, presentations, simulations, role plays, written tests, and exams.

All assessment tools are reviewed prior to use to ensure they are consistent with the Principles of Assessment and Rules of Evidence, as required under Standard 1.4 of the Standards for RTOs 2025. These reviews ensure assessments are fair, valid, reliable, and flexible, and that they accurately measure the required competencies.

The outcomes of these reviews are used to inform improvements or updates to assessment tools. This helps maintain assessment integrity, relevance, and alignment with current industry expectations and training package requirements.

People

Assessment includes case studies, practical demonstration where the assessor and colleague students will play role of customer and stakeholders. Students will be notified in advance of the time and form of assessment.

Practical Training at fully equipped Techie International College's Painting and Decorating Workshop

The institute is well-equipped with the necessary resources and equipment for practical training and assessments on campus. For the painting workshop, we provide resources such as spray booths, paint brushes, rollers, ladders, and scaffolding equipment.

Assessment evidence

All assessment evidence submitted by students for each unit of competency will be evaluated in line with the Principles of Assessment (fairness, flexibility, validity, reliability) and the Rules of Evidence (validity, sufficiency, authenticity, currency). All assessment tasks will be marked and administered under Standard 1.4 of the 2025 Standards for RTOs, ensuring fair, appropriate, and accurate judgements of student competency. For more information, refer to the ASQA guidance at: www.asqa.gov.au/how-we-regulate/revised-standards-rtos/practice-guides/practice-guide-assessment#std1.4.

Principles of Assessment

- **Fairness:** TIC considers individual learner needs and applies reasonable adjustments as required. Learners are informed of the assessment process and may request reassessment or appeal decisions through TIC's formal process.
- **Flexibility:** Assessment reflects learner needs and recognises prior learning and experience. A variety of assessment methods are used, appropriate to the context, unit requirements, and learner.
- **Validity:** Assessment decisions are based on evidence that genuinely reflects the learner's competence in line with unit requirements.
- **Reliability:** Assessment results are interpreted consistently across different assessors. Assessors are supported through moderation and validation processes to ensure reliability.

Rules of Evidence

- **Validity:** Evidence aligns with the knowledge and performance criteria of the unit.
- **Sufficiency:** Enough quality and relevant evidence is collected to make a confident decision.
- **Authenticity:** Evidence submitted is verified as the learner's own work.
- **Currency:** Evidence reflects current industry standards and the learner's recent competence.

To view the Assessment Policy and Procedure, please visit www.techie.edu.au.

Re-assessment

Learners unsuccessful at achieving competency in the first attempt will be given two further opportunities for re-assessment at a mutually agreed time and date (total 3 attempts, including original). If a learner fails the reassessment after three attempts, they will be advised to re-enrol in the unit.

Students will be given total 3 attempts, including 1 original plus 2 reassessments.

Cost of reassessment will be as follows:

- 1st Original submission: Free of cost
- 2nd Reassessment fee: Free of cost
- 3rd Reassessment fee: \$300

If a student fails in the 3rd reassessment, then students will have to repeat the unit. Repeat unit fee- \$300.

Not attending for an assessment will be counted as one assessment attempt for each occurrence unless:

- the student can provide a certificate from a registered medical practitioner indicating that the student was medically unable to attend the assessment; or
- the student can provide independent evidence of exceptional compassionate circumstances beyond the students control, such as serious illness or death of a close family member to explain the non-attendance at the assessment.

To view the Assessment Policy and Procedure, please visit www.techie.edu.au.

Assessment Outcome

Each unit of competency includes multiple assessment tasks and after each assessment, the student's submission will be marked Satisfactory (S) or Not Satisfactory (NS). After each assessment, verbal and written feedback is provided. Final unit results are recorded as Competent (C) and Not Yet Competent (NYC).

Assessment appeals

Students who are not satisfied with an assessment outcome have the right to appeal the decision. Initially, students are encouraged to resolve the matter informally by discussing their concerns with their Trainer or the Student Support Officer/Administration Manager.

If the issue remains unresolved, students may escalate the appeal to the Administration Manager or CEO for further review. Should the student still be dissatisfied with the outcome, they may lodge a formal, written appeal requesting a review of the assessment decision. All appeals will be handled in a fair, objective, and timely manner. For full details on the process and timelines, please refer to the Assessment Policy and Complaints and Appeals Policy and Procedures.

Qualifications to be issued.

Qualifications gained at Techie International College are based on the principles, guidelines and standards set by the Australian Qualifications Framework (AQF) and VET Quality Framework and are recognised nationally. Students who successfully complete all assessment requirements for a qualification will be awarded a certificate corresponding to the completed course. Those completing assessment requirements for part of a qualification will receive a Statement of Attainment for completed competencies.

Qualification, Statement of Results, or transcript of results will only be issued once all outstanding fees have been paid in full. Techie International College will issue certification in a timely manner. Providing all fees have been paid, all AQF certification documentation will be issued within 30 calendar days of the student exiting their course or the student's final assessment being completed.

For further information, please contact the Administration Department at Techie International College. You may also visit the Australian Skills Quality Authority (ASQA) website for detailed guidance on the issuance of vocational education and training (VET) qualifications: www.asqa.gov.au/how-we-regulate/revised-standards-rtos/practice-guides/integrity-nationally-recognised-training-products#issue-vet-qual.

Academic Misconduct

Acts of plagiarism, collusion and cheating are not permitted in any work completed for assessment and will result in a written warning and repeating the VET unit of competency, as well as incurring any associated charges. If a student is caught engaging

in these acts, their assessment will be deemed Not Yet Competent (NYC). If students are engaged in such an act for a second time, they may be suspended or expelled from the course. All work submitted must be an accurate reflection of the student's level of competence. Plagiarism is unacceptable and each case of plagiarism shall be treated on its own merits. Educational procedures will be in place to assist students to avoid submitting assessment work that does not meet the required standards of evidence-based writing.

Inappropriate practices in the use of referencing, citations, quotations, or attributions for formative assessment may be dealt with and by the assessor, who may refer students to appropriate resources to improve their academic skills. Suspected incidents of plagiarism involving summative assessments will be dealt with seriously:

- The student's assessment will be deemed Not Yet Competent (NYC). Student will be given a warning and will be required to redo the assessment. Additional charges may apply for re-assessments.
- If students are engaged in such act for a second time, they may be suspended or expelled from the course.
- All work submitted must be an accurate reflection of the student's level of competence. The evidence used to decide at Techie International College about competence will be valid, sufficient, authentic, and current.

More detailed information can be found on the Plagiarism and Cheating Policy available on Techie International College's website and/or at the reception.

Plagiarism and Cheating

Techie International College is committed to upholding standards of academic integrity and honesty. Plagiarism and Cheating in any form are unacceptable and will be treated seriously by Techie International College. Students will be advised at the beginning of their course about the plagiarism policy and procedures, and the provisions in the Institute about cheating.

Plagiarism

Plagiarism means to take and use another person's ideas and or manner of expressing them and to pass these off as one's own by failing to give appropriate acknowledgement, including the use of material from any source, staff, students, or the internet, published and unpublished works. Plagiarism occurs when students fail to acknowledge that the ideas of others are being used. Specifically, it occurs when:

- other people's work and/or ideas are paraphrased and presented without a reference.
- other students' work is copied or partly copied.
- other people's designs, codes or images are presented as the student's own work.
- phrases and passages are used verbatim without quotation marks and/or without a reference to the author or a web page.
- Lecture notes are reproduced without due acknowledgement.
- Plagiarism may take the form of similar work submitted by students who may have worked together.

Collusion

Collusion means unauthorised collaboration on assessable written, oral, or practical work with another person.

Cheating

Cheating includes:

- Someone copying from others work.
- Someone pretending that it is their own work.

Consequences-Plagiarism and Cheating

Plagiarism is unacceptable and each case of plagiarism will be treated on its own merits. Educational procedures will be in place to assist students to avoid submitting assessment work that does not meet the required standards of evidence-based writing.

- All assessment work submitted by a student will be assessed in accordance with its academic merit. If a student fails an assessment task because of the absence of appropriate citations and references, it may be a consequence of the student failing to meet the stated criteria for the task, rather than as a punishment for plagiarism.
- Inappropriate practices in the use of referencing, citations, quotations, or attributions for formative assessment may be dealt with by the assessor, who may refer students to appropriate resources to improve their academic skills. Suspected incidents of plagiarism involving summative assessments must be dealt with according to the guidelines of the policy.
- The penalties associated with plagiarism are designed to impose sanctions that reflect the seriousness of the institute's commitment to academic integrity. Penalties may include resubmitting assessment work, i.e., further reassessment and/or possible financial penalty or failing the unit. It may also lead to students being re-enrolled in the unit, which will incur payment of \$300.
- Student's assessment will be deemed Not Yet Competent (NYC), and warning will be given. Student will be required to redo the assessment. Additional charges may apply for reassessments. If students are engaged in such act for a second time, they may be suspended or expelled from the course.
- Administration Manager will keep a record of all suspected incidents of plagiarism brought to attention by the trainers. Procedural aspects of these records will be reviewed to ensure that they have been dealt with fairness.
- If trainer and/or Administration Manager finds that a student has committed multiple and/or systematic acts of plagiarism, or admits to, or is found to have committed, conduct that prejudices the interests of other students or the integrity of an assessment scheme itself, then the case will be dealt with as a complaint of student misconduct under the Student Code of Behaviour at Techie International College, and a further penalty may be imposed.
- If trainer and/or Administration Manager finds that a student has committed multiple and/or systematic acts of plagiarism, or admits to, or is found to have committed, conduct that prejudices the interests of other students or the integrity of an assessment scheme itself, then the case will be dealt with as a complaint of student misconduct under the Student Code of Behaviour at Techie International College, and a further penalty may be imposed. Kindly refer to the Plagiarism and Cheating policy available on Techie International College's website and/or at the reception for more details.

Code of Conduct

Techie International College shall at all times act with integrity in dealings with all students, staff, and members of the community.

Techie International College shall adopt such policies and practices to ensure the quality of vocational education and training programs offered are relevant and in accordance with: ASQA, and the Standards for Registered Training Organisations 2025, the Education Services for Overseas Students Act 2000, the National Code of Practice for Providers of Education and Training to Overseas Students 2018, Commonwealth/State Legislation, and regulatory requirements.

Techie International College's obligations to the student, including that Techie International College is responsible for the quality of the training and assessment in compliance with these Standards, and for the issuance of the AQF [Australian Qualifications Framework] certification documentation.

Techie International College will ensure:

- The provision of adequate facilities in which to conduct training programs.
- The employment of qualified staff and maintenance of staff training on an ongoing basis sufficient to deliver programs.
- Accuracy in representing the services provided and training product on scope of registration.
- The accuracy of any marketing and promotional advertising material
- Compliance with current Occupational Health and Safety and Duty of Care requirements
- The maintenance of adequate records and security of all current and archival records. Students can request to re-check their records.

- The maintenance and continual improvement of a Quality Assurance System.
- All employees, agents and representatives are familiar with and agree to comply with this code of conduct.
- Maintain quality training and to uphold the highest ethical standards.

Techie International College shall refrain from associating with any enterprise, which could be regarded as acting in breach of this code of conduct.

All people involved at Techie International College must always show respect and courtesy to others. Every person at Techie International College has the same right to deliver or receive education in a safe, supportive environment.

Student Code of Conduct

Each student of Techie International College must abide by the following:

- Students must wear clothes appropriate to the workshop, including PPE.
- If you have a problem, use consultation and not confrontation to find a solution.
- Follow the trainer's directions and participate in all class activities.
- Complete all scheduled assessments on time.
- Always use English to improve your language skills.
- Do not smoke or carry/consume alcohol on Techie International College property.
- Do not cheat on assessments, tests, and exams.
- Drugs are expressly forbidden from being brought into any of Techie International College premises.
- Any student found with drugs will be reported directly to the police.
- Do not shout, run, or make unnecessary noise whilst walking around the Institute. This disrupts the rights of other students to learn.
- Do not discriminate against any person associated with Techie International College because of race, religion, creed, nationality, sex, or any other individual difference. Every person at Techie International College has the same rights as you, regardless of these differences.

The following Code of Conduct is intended to ensure that each member of the student community enjoys satisfactory conditions in which to study, resulting in benefits for all. Students are expected to conduct themselves in a manner that will not discredit them.

General Misconduct

The appropriate authority will be called to deal with students who:

- Obstruct or disrupt any official meeting, ceremony, or other activity.
- Refuses to leave a property after being reasonably requested to do so.
- Assault or attempt to assault any person whilst training or acts dishonestly.
- prejudices the good order and governance of Techie International College or interferes with the freedom of other people to pursue their studies, carry out their functions or participate in the life of the Techie International College.
- Contravenes any rules or acts.
- Wilfully disobeys or disregards any lawful order or direction from Techie International College personnel.
- Refuses to identify him or herself when lawfully asked to do so by Techie International College staff
- Fails to comply with any penalty imposed for breach of discipline.
- Misbehaves in a class, meeting or other activity under the control or supervision of the Techie International College, or on Techie International College's premises or other premises to which the student has access as a student of Techie International College.
- Fails to comply with any penalty imposed for breach of discipline.
- knowingly makes any false or misleading representation about things that concern the student as a student of Techie International College, or breaches any of Techie International College's rules.
- Harasses or intimidates another student, a member of staff, a visitor to the Techie International College or any other person while the student is engaged in study or other activity as an Institute student, because of race, ethnic or national origin, sex, marital status, sexual preference, disability, age, political conviction, religious belief or for any other reason.

- Misuses any facility in a manner which is illegal, or which is or will be detrimental to the rights or property of others. This includes the misuse, in any way, of any computing or communications equipment or capacity to which the student has access at or away from the Techie International College premises while acting as Techie International College student, in a manner which is illegal or will be detrimental to the rights or property of others.
- A formal discipline/warning system exists, and continued misconduct/disruptive behaviour may result in students being expelled and DHA advised.
- Techie International College will issue the student with a written warning before taking any actions.
- Techie International College will notify the student in writing of its intention to suspend and/or cancel the student's enrolment. This notification will include advice that deferring, suspending, or cancelling a student's enrolment may affect their student visa.

Students have the right to appeal a decision made to defer, suspend, or cancel their studies and have 20 working days to access Techie International College's complaints and appeals process prior to Techie International College taking action to suspend or cancel the student's enrolment.

Credit Transfer

Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on the identified equivalence in the content and learning outcomes between the matched qualifications.

According to Standard 1.7 on the Standards for RTOs 2025, TIC demonstrates:

- a. VET students are offered opportunities to seek credit transfer and are made aware of the organisation's policies for seeking credit transfer.
- b. Decisions relating to credit transfer are based on evidence of prior completion of an equivalent training product demonstrated by AQF certification documentation or an authenticated VET transcript (unless prevented by licensing or regulatory requirements of the training product); and
- c. Decisions relating to credit transfer are documented and decided in a way that is fair, transparent, consistent amongst VET students, and maintains the integrity of the training product.

TIC ensures compliance with Standard 1.7 through the following procedures:

- All prospective and enrolled students are informed of the opportunity to apply for credit transfer (CT) at multiple stages, during course inquiries, enrolment, orientation, and via the Student Handbook and website.
- Students wishing to apply for CT must complete a Credit Transfer Application Form, listing previously completed units, date of completion, and issuing RTO.
- Students are required to provide AQF certification documentation (testamur and transcript), or an authenticated VET transcript from the USI portal. All documents will be verified with the issuing RTO or through the USI Registry system as applicable.
- Credit will only be granted where equivalence is confirmed through mapping of unit codes, titles, and content in line with the relevant training package. If equivalence is not established, students are informed of the outcome and offered alternative options such as Recognition of Prior Learning (RPL) to demonstrate competency.
- CT decisions are made by qualified staff, documented in the student management system, and recorded in the student's file.
- TIC ensures CT decisions are made in a manner that is fair, transparent, consistent, and does not compromise the integrity of the qualification or training product.
- If CT is granted:
 - Course duration is adjusted, and the student is issued a revised study plan and timetable
 - The Confirmation of Enrolment (CoE) is updated accordingly. Students are advised to contact the Department of Home Affairs for guidance on any potential impact to their visa, as TIC staff are not authorised to provide immigration advice.
 - Students are also advised to contact the Department of Home Affairs if their visa status may be affected, as TIC staff are not authorised to provide immigration advice.

- Students must continue to meet full-time study requirements (20 hours per week), including participation in other scheduled activities such as practical sessions, independent learning, or industry placement
- All decisions and communications regarding CT are retained in the student's file in accordance with regulatory and audit requirements.
- Where licensing or regulatory conditions apply to the training product, these requirements are carefully considered before granting any credit transfer. **Note** - While these conditions do not currently apply to TIC's existing scope of qualifications, this policy remains in place should such conditions become relevant in the future.
 - All Credit Transfer (CT) decisions are made in a transparent and consistent manner.
 - Decisions are based on verified equivalency of training products, documented and recorded within the Student Management System (SMS), and applied consistently across all applicants.
 - The process is conducted fairly and in a timely manner, ensuring the integrity of the training product is maintained at all times.

An application for credit transfer must be submitted in writing. Application form and more information about credit transfers (Credit transfer and RPL policy) is available on our website or can be obtained from Techie International College's reception.

Please Note: According to the Standards for RTOs 2025, when a student presents a superseded unit of competency for credit transfer, which is recognised as equivalent under the relevant training package, TIC may grant credit transfer without the need of mapping. However, as a best practice, especially where a unit has been superseded two or more times, TIC will conduct a mapping analysis to ensure the assessment and existing competencies remain current and valid.

Recognition of Prior Learning (RPL)

In accordance with Standard 1.6 of the Standards for RTOs 2025, TIC offers all vocational education and training (VET) students the opportunity to apply for Recognition of Prior Learning (RPL). This process ensures that students are not required to repeat learning they have already achieved and allows for flexibility in acknowledging diverse educational and professional pathways.

According to Standard 1.6 on the Standards for RTOs 2025, TIC demonstrates:

- a. VET students are offered opportunities to seek recognition of prior learning and are made aware of the organisation's policies for seeking recognition of prior learning.
- b. Decisions relating to recognition of prior learning are based on evidence of prior skills, learning and experience, and are undertaken in accordance with the organisation's assessment system; and
- c. Decisions relating to recognition of prior learning are documented and decided in a way that is fair, transparent, consistent amongst vet students, and maintains the integrity of the training product

TIC's RPL processes are designed and implemented with the same rigour as all formal assessments. This includes ensuring:

- All evidence is mapped against current unit of competency criteria from the relevant training package.
- RPL outcomes maintain the quality and standards of nationally recognised training.
- Adherence to the Principles of Assessment and Rules of Evidence (as outlined in Standard 1.4) Fairness, Flexibility, Validity, Reliability, Authenticity, Currency and Sufficiency.

Students at Techie International College are informed of their right to apply for Recognition of Prior Learning (RPL) during the Pre-Training Review (PTR), through marketing materials such as the Student Handbook and the Techie International College website. Additionally, the option for RPL is also discussed at the time of initial inquiry

To support students in understanding and navigating the RPL process, the Institute provides a clear explanation of how RPL works, along with access to the RPL Application Form and the RPL Kit. The RPL Kit outlines the required evidence, assessment steps, and expectations.

When a student indicates prior learning or work experience relevant to their course, the following steps are taken:

- Students with potential for RPL complete an RPL Application Form (available on Techie International College's website www.techie.edu.au), detailing previous relevant experience, informal and formal learning, dates, and employers or institutions. Students are required to submit evidence such as employment records, formal qualifications, supervisor

references, work samples, or testimonials. All submitted evidence must be current, authentic, valid, and sufficient to meet the requirements of the unit of competency.

- A qualified RPL assessor (meeting the requirements of **Standards 3.2 and 3.3**) conducts an RPL information session and initial interview to guide the student through the process.
- The assigned assessor reviews the submitted evidence against the relevant unit(s) of competency. If any gaps are identified, the student is informed and provided with a clear explanation of the gap, recommendations for gap training, details on how the training will be delivered, and information about any associated costs.
- RPL decisions are made in accordance with TIC's Assessment Policy and Procedures, ensuring that the integrity of the training product is maintained.
- All RPL outcomes (approved or declined) are clearly documented, with supporting evidence and assessor rationale, and stored in the student management system (SMS) and/or the student's file.
- Students are issued a revised study plan and timetable, ensuring pre-requisites are respected and a continuous learning pathway is maintained.
- Students are advised that RPL may reduce the overall course duration and that their Confirmation of Enrolment (CoE) will be adjusted accordingly, while ensuring full compliance with visa and course delivery requirements.
- Students are also advised to contact the Department of Home Affairs if their visa status may be affected, as TIC staff are not authorised to provide immigration advice.

Techie International College ensures that all staff involved in RPL processes understand that granting inappropriate or unsupported Recognition of Prior Learning (RPL) can compromise public safety, diminish industry confidence, and negatively impact the reputation of the VET sector.

An application form for RPL can be obtained from the website or from Techie International College's reception. More information on RPL is available on Techie International College's website www.techie.edu.au. Students can also speak to Techie International College's staff for enquiries.

Currency of training

Techie International College implements an effective course validation procedure to ensure that it delivers current AQF training package qualifications and accredited courses. Techie International College ensures appropriate transition arrangements in case a qualification or an accredited qualification is superseded.

Pathways to Higher Education

Graduates of Techie International College may seek credits to the relevant degree programs in Australian universities. The institute has no special arrangements with any Australian university and there is no guaranteed entry into university programs.

Reasonable Adjustment

Students have different needs and often training needs to be adjusted to meet individual student's needs. Adjustments can be made to the assessment process, resources, facilities, delivery style and structure of training sessions. TIC ensure students with disability or special learning needs have equitable access to training and assessment by offering reasonable adjustments aligned with the Standards for RTOs 2025 and Disability Standards for Education 2005.

By definition: 'Reasonable adjustment refers to measures or actions taken to provide a student with a disability or special needs, the same educational opportunities as everyone else. To be reasonable, adjustments must be appropriate for that person, must not create undue hardship for the Institute and must be allowable within rules defined by the training package.'

In practice, this can translate into:

- Adjusting equipment or the physical environment.
- Providing specialised equipment.

- Providing assistive technologies such as screen readers or adaptive keyboards.
- Offering alternative formats for learning materials, for example, using black and white slides instead of colour, large print, using visuals instead of dense text or providing audio instead of visual information.
- Allowing breaks for fatigue, medication, or toilet use.
- Changing assessment procedures and timing.
- Presenting work instructions in diagrammatic or pictorial form instead of words and sentences.
- Simplifying the design of job tasks

Confidentiality: Students are encouraged to disclose any disability or condition that may impact their learning experience. Information shared is treated confidentially and used solely to identify and implement appropriate support strategies and reasonable adjustments, in accordance with our Privacy Policy.

At Techie International College, we are committed to providing inclusive education. We work collaboratively with students, trainers, assessors, and support professionals to:

- Understand how a health condition, disability, or learning need may impact your training
- Develop and agree on reasonable adjustments that help you participate in training and assessment without compromising course competency standards
- Document all agreed adjustments, and review them regularly to ensure they remain effective

If a requested adjustment would compromise the integrity of the qualification or the competency requirements, we will explain this clearly and respectfully and document the reasons for the decision. Alternative support options will also be discussed. If you need learning support or wish to discuss possible adjustments, please contact the Student Support Officer early in your enrolment journey.

- Student Support Request form:** Techie International College offers face-to-face and/or telephonic support to identify and address a range of needs a student might have, including counselling, LLND support, relationship issues, stress management, and coping strategies. The student support request form is available from Techie International College's reception or website www.techie.edu.au. Meetings will be conducted regularly with the students to check if students are receiving enough support to meet their requirements. Techie International College understands the difficulty that students may have to face when they are away from their homes. Therefore, Techie International College ensures to provide support to students whenever they are in need at no additional cost to the students. Students may have to bear the cost associated with external services.
- Academic Support-Intervention Strategy Form:** Students whose attendance is unsatisfactory (i.e., below 80%) or if student is at risk of achieving unsatisfactory course progress (not demonstrating competency in at least 50% of the units in the given study period) will be called for an Intervention meeting. During this meeting, tailored support and intervention strategies will be discussed and implemented to assist the student in meeting learning outcomes. For more details, refer to the Attendance and Course Progress Policy available at www.techie.edu.au or at the reception.

Orientation Sessions

Many students find life in Australia quite different from life in their home country, so Techie International College organises an orientation day to help students become familiar with Australian culture and customs and to introduce students to the institute and its services. All students will go through an orientation program on the day of enrolment at Techie International College.

Techie International College conducts an age and culturally sensitive orientation programme delivered by an official point of contact personal i.e., Student support officer or representative. This orientation program provides information on being safe on campus and around campus.

This orientation program will include information regarding:

Support services available to assist overseas students to adjust to study and life in Australia.

- Being safe on campus and around campus
- English language and study assistance programs
- Language Literacy, Numeracy and Digital Literacy (LLND) support
- Any relevant legal services
- Emergency and health services
- Techie International College's facilities and resources
- Complaints and appeals processes.
- Information on visa conditions relating to course progress and attendance requirements.
- The support services available to assist students with general or personal circumstances that are adversely affecting their education in Australia.
- Services that students can access for information on their employment rights and conditions, and how to resolve workplace issues, such as through the Fair Work Ombudsman.

Orientation sessions are a great way of meeting other students.

Please refer to Techie International College's Support and Welfare Policy for more details available on Techie International College's website www.techie.edu.au.

Fair Work Ombudsman

Fair Work Ombudsman is an independent statutory agency of the Government of Australia that serves as the central point of contact for free advice and information on the Australian national workplace relations system. The Office of the Fair Work Ombudsman also investigates workplace complaints and enforces compliance with national workplace laws.

Fair Work Ombudsman focuses on:

- Providing education, assistance, advice and guidance to employers, employees, outworkers, outworker entities and organisations.
- Promoting and monitoring compliance with workplace laws.
- Inquiring into and investigate breaches of the Fair Work Act.
- Taking appropriate enforcement action.
- Performing statutory functions efficiently, effectively, economically, and ethically.

For more information, refer to <https://www.fairwork.gov.au>.

National Employment Standards

The National Employment Standards (NES) are 11 minimum employment entitlements that must be provided to all employees.

The national minimum wage and the NES make up the minimum entitlements for employees in Australia. An award, employment contract, enterprise agreement or other registered agreement can't provide for conditions that are less than the national minimum wage or the NES. They can't exclude the NES.

The 11 minimum entitlements of the NES are:

- Maximum weekly hours
- Requests for flexible working arrangements
- Offers and requests to convert from casual to permanent employment.
- Parental leave and related entitlements
- Annual leave
- Personal/carer's leave, compassionate leave and unpaid family and domestic violence leave
- Community service leave
- Long service leave
- Public holidays
- Notice of termination and redundancy pay
- Fair Work Information Statement (the FWIS) and Casual Employment Information Statement (the CEIS)

Arrival Assistance

Techie International College can provide arrival assistance to students by informing and guiding them about the arrival assistance provided at Melbourne Airport. There is a Student's Welcome Desk available at Melbourne airport, run by the government. It is open at key student arrival times and offers information, advice and a Welcome Pack when you arrive. Visit <https://www.studymelbourne.vic.gov.au/> for more information.

Techie International College provides airport pick up on pre-arranged basis. Students are required to fill the Airport Pick up form available on Techie International College's website or students can email their request for Airport pick up at info@techie.edu.au. Students are requested to contact Techie International College at +61 42 264 7275 in advance, preferably, within 5 working days to avoid any inconvenience.

Airport pick up fees: AU\$200

There is also a help desk available at the airport for international students to assist students in finding suitable airport pick up services e.g., UBER, Sky Bus, and taxi services.

Accommodation Assistance

Techie International College does not have its own accommodation facilities. However, accommodation assistance will be provided to students upon request. Providing accommodation advice is free of cost. However, students will have to pay fees for the accommodation booked on behalf of them. Four weeks of notice prior to arrival is required.

Academic Support

Students may have concerns with their academic performance or other related issues that are placing them at risk of not achieving the requirements of their course. Students can gain advice and support in ensuring they maintain appropriate academic level, and general support to ensure that they achieve satisfactory course progress. Student's course progress and attendance is monitored, and proper guidance and support is provided if unsatisfactory course progress or low attendance has been identified.

Unsatisfactory Course Progress is defined as not successfully completing or demonstrating competency in at least 50% of the units in the given study period defined in the training and assessment strategy for the course. Students will be reported to the Department of Home Affairs (DHA) if student shows unsatisfactory course progress in two consecutive study periods.

A student can discuss any academic or other related issues to study at Techie International College at any time with the Administration Manager/student support officer. The Administration Manager/student support officer will be able to provide advice and guidance, or referral, where required.

We, at Techie International College, carefully monitor course progress to ensure students do not fall behind course requirements, because we want our students to succeed.

Intervention strategies are put in place to assist students to achieve the study goal they initially set out to attain. If learners are having any difficulties, it is advised that they should contact student support services at the earliest opportunity so that support can be provided in the best way possible.

Intervention strategies can be based on:

- Reduced Study Load
- English language Support.
- LLND and Academic Skills Support
- Specific subject enrolment
- Change of Course.
- Re-assessment
- Counselling, Mentoring.
- New Study Plan: Placing student in suitable alternative subject within a course or a suitable alternative course, or a

combination of the above and/or a reduction in course load.

- Extension of CoE.

English Language Support and LLND Support

If students do not meet the recommended English and LLND requirements, students will be referred for additional support to be provided by the institute or students will be asked to take further Language, Literacy, Numeracy and Digital training, such as ELICOS programs (Techie International College does not offer ELICOS programs). Techie International College will provide support and guidance to students who are facing difficulty in English or LLND. Students are requested to meet Administration Manager/Student Support Officer to seek guidance and/or support. Appropriate strategies will be implemented to assist the students with their learning.

Techie International College has appointed an LLND support officer or Administration Manager to provide LLND Support to students. Support services are offered to all students.

If a Trainer and Assessor identifies students with LLND difficulties or where students require or request additional LL&N support. Appropriate strategies will be implemented to assist students with their learning. Additional support will be provided by the institute with ACSF Support plan.

Students are requested to speak to LLND Support officer or Administration Manager to discuss about the support measures that they might need. Techie International College will provide support with no additional cost. The confidentiality of students who require additional support services and appropriate strategies are in accordance with our Privacy Policy. Additional support will be provided by the institute with ACSF Support plan. Refer to LLND policy or Student Support, Welfare and Wellbeing Policy for more details.

Outcome of LLND assessment

The outcome of the LLND assessment will allow targeted solutions to be developed and implemented.

Students identified as at Risk from the initial assessment can be offered a variety of solutions and/or interventions. This may include ACSF Support plans.

Student Support and Wellbeing

Techie International College provides a safe, inclusive, and supportive environment for all students. In line with Standard 2.6 of the Standards for RTOs 2025, TIC actively promotes student wellbeing and success throughout the learning journey. TIC offers a range of support services to help students manage the physical, emotional, and academic demands of their course, including:

- **Academic Support:** Trainers and assessors are available to provide additional guidance, mentoring, and tailored learning assistance. Support includes help with time management, coping with assessment-related stress, and study skills development.
- **Mental Health and Wellbeing:** Students have access to in-house wellbeing support. Where appropriate, referrals can be made to external mental health professionals or community-based counselling services.
- **Support for Students with Disability:** TIC provides reasonable adjustments to support learners with disability or additional needs, ensuring they have equitable access to training and assessment. Students are encouraged to confidentially disclose any needs at enrolment or any time during the course, and support will be tailored accordingly.
- **Cultural Safety and Inclusion:** At Techie International College, we are committed to providing all students with a safe, inclusive, and respectful learning environment where every individual feels valued, heard, and supported. Discrimination, bullying, and harassment of any kind are not tolerated at TIC. We encourage students to speak up and seek help if they ever feel unsafe, excluded, or treated unfairly.

TIC recognises and respects the unique cultures, histories, and contributions of Aboriginal and Torres Strait Islander peoples. We are dedicated to creating a culturally safe and inclusive space for First Nations students by:

- Promoting cultural awareness and respect across our campus.
- Ensuring learning and assessment practices are inclusive and culturally sensitive.

- Providing tailored support and guidance that meets the needs of Aboriginal and Torres Strait Islander learners.

Techie International College values the diversity of its student body and recognises the unique contributions of individuals from all backgrounds. This includes students from culturally and linguistically diverse (CALD) communities, people with disability, members of the LGBTIQ+ community, and individuals of all faiths, genders, and socio-economic statuses.

Our trainers and staff receive ongoing training in inclusive practices, unconscious bias, and cultural awareness to better support all learners. If you ever need support whether academic, personal, cultural, or emotional, please contact our Student Support Services or speak with any member of our staff. We are here to support your success and wellbeing.

- **Financial and Social Wellbeing:** Students may be directed to financial support services or referred to relevant agencies to assist with cost-of-living pressures or other personal concerns.
- **Support for Safety and Crisis Situations:** If students are experiencing abuse, harassment, domestic or family violence, we can confidentially connect them with local specialist services and provide appropriate internal support and referrals.
- **Orientation and Ongoing Communication:** Information about wellbeing and support services is provided at orientation and communicated throughout your course.
- **Confidentiality:** All personal information shared regarding wellbeing or support needs is treated as strictly confidential. Any disclosures will be used solely to support your success and wellbeing, in accordance with TIC's privacy and data protection policies.

All TIC trainers, assessors and student support staffs are:

- Trained to recognise signs of distress or disengagement.
- Equipped to offer initial support and guide students to appropriate services.
- Supported through internal protocols to ensure consistent application of TIC's wellbeing strategies.

Techie International College continuously reviews and enhances its wellbeing support strategies by regularly collecting and analysing student feedback on the support services provided.

If the student experiences any challenges, academic or personal, they are encouraged to speak with our Student Support Officer, Trainer, or Administration Team. For detailed information, please refer to Student Support, Welfare and Wellbeing Policy available at our website www.techie.edu.au.

Student Counselling

Stress, financial difficulties, health, family, relationship issues and social issues can all affect a student's ability to settle into study. Our staff members offer a confidential support by listening to the issues faced by the student and provide reference for the counselling to external agencies, as Techie International College student support officers are not qualified counsellors. All students in the need of counselling assistance should contact the student support officer so that Student support officer can discuss the matter and arrange appropriate counselling services for the student. Techie International College doesn't charge any fee for referral; however, counselling agency may charge the fee for the service. Fee and service information can be obtained from the service prior to the booking.

Personal Counselling Services will be organised where student is identified in need of counselling and may take the form of advice or referral to other services. Personal counselling services include but are not restricted to:

- Grievance/conflict resolution
- Relationship issues
- Stress and coping
- Cultural, socio-economic, family issues
- Access and equity issues
- Student welfare and support
- Study skills advice
- Referrals to other agencies/professionals

- Crisis resolution
- Therapeutic counselling

Please Note: Referral to medical services available or external counsellors will be provided free of cost by the institute. However, fees of medical practitioners and/or counsellor will be borne by the students.

Techie International College offers reasonable support to students to enable them to achieve the expected learning outcomes regardless of the place of study or the mode of study, at no additional cost to the student.

Techie International College will ensure that students are provided with sufficient support so that they can adjust to study and life in Australia. Students are encouraged to contact Reception for more information.

Students requiring assistance with course progress should contact the students support services as soon as possible.

Free counselling services for international students:

CAREinMIND counselling services are free of cost and provide counselling 24/7. CAREinMIND Wellbeing Support Service is a free, 24/7 counselling resource available to students living, studying, or working in Melbourne. This service provides free online and phone counselling to assist students in coping with the challenges of academic life and daily pressures. No referral is required, making it accessible whenever students need it most. While the counselling service itself is free, local call charges may apply when calling through a telephone. Please check with your phone provider.

BeyondBlue offers free 24/7 online and telephone counselling services, providing mental health support for issues such as anxiety, depression, and stress. These services are especially beneficial for students across Australia, who often face unique challenges related to academic pressures, transitions, and personal concerns. Beyond Blue provides a range of free resources tailored to support students, helping them navigate mental health difficulties and maintain their wellbeing.

Lifeline is a national charity in Australia that provides 24/7 crisis support and suicide prevention services to individuals experiencing emotional distress. Lifeline offers confidential, free support through phone, text, and online chat, aiming to provide immediate help to those in need. Their services are particularly focused on preventing suicide, offering guidance, and providing emotional support to students facing mental health challenges.

Please refer to the Student Support, Welfare and Wellbeing Policy on our website for additional details.

Disability Support (SRT0 2025 std 2.4)

Techie International College has an inclusive and supportive learning environment that supports equal access for all students, including those with disability. In accordance with the Standards for RTOs 2025, the Disability Discrimination Act 1992, and the Disability Standards for Education 2005, TIC ensures that learners with disability are given the same opportunities to participate, learn, and succeed as any other student.

Techie International College will not:

- Refuse admission on the basis of disability.
- Offer less favourable enrolment conditions (e.g., higher fees or limited access to support).
- Restrict participation in training or related activities (e.g., access to facilities, excursions, or learning resources).

Reasonable Adjustments Include:

- Modified learning materials (e.g., large print, audio, or easy-read versions), assistive technologies (e.g., screen readers, text-to-speech software, adapted keyboards), flexible delivery modes, or adjusted assessment conditions.
 - Physical changes to the learning environment (e.g., accessible seating or ramps)
 - Customised resources or content delivery (e.g., visual aids, simplified instructions)
 - Extended assessment time or alternative assessment formats (e.g., one-on-one demonstration)
 - Adjustments are developed in consultation with the student, considering individual needs and the training package requirements.
 - All adjustments are applied to the extent practicable and without reducing the competency standards required by the training package.

At Techie International College, your privacy is respected at all times. Any personal information you share in relation to a disability, medical condition, or learning need is handled confidentially and used only to arrange appropriate support and adjustments.

Reasonable adjustments are reviewed regularly to ensure they remain effective and suitable throughout your enrolment.

Students who require disability support are encouraged to speak confidentially with the Student Support Officer or contact the administration team at the time of enrolment, or as soon as a need arises. Early disclosure allows us to provide timely support. If you're unsure whether you require adjustments, we welcome an open conversation to explore available options together.

Student Welfare Services

Techie International College's CEO and Student Support Officer will provide basic counselling services to all students. These services will assist students experiencing difficulties in any aspect of their lives, including issues of academic or personal nature. The student support officer is available to students to help them to access study support and welfare-related services such as;

- **Legal Services** – Techie International College can refer the student who requires legal advice to Legal Aid Victoria (free of

cost usually) or a legal practitioner, the referral is at no cost to the student. Student will be responsible for any cost related to the legal advice charged by legal practitioner.

- **Accommodation** – Accommodation advice is available to all the international students from the point of application to the completion of their course. Techie International College will provide up-to-date information on accommodation options and/or accommodation providers available for students, this advice will be provided free of charge. The fees for external agencies will be at the cost of the student.
- **Emergency and Health Services** – During orientation, students will be advised regarding campus safety and how to access emergency and health services in Australia. For non-urgent services, students are encouraged to speak with the student services. For medical or other emergencies, students are instructed to contact the appropriate services, e.g., 000 and inform Techie International College as soon as appropriate.
- **Facilities and Resources** – At orientation, students will be given a guided tour of the campus and all Techie International College facilities. At this time, they will be explained all available resources.
- **Complaints and appeals processes** – Complaints and appeals policy and procedures are available in detail on the website www.techie.edu.au and can be made available from reception.

Students will be advised of their visa conditions relating to the course progress and or attendance as appropriate during the orientation so that students can continue to meet their visa conditions.

Access and Equity

Techie International College's Code of Practice includes an Access, Equity and Reasonable Adjustment policy. It is the responsibility of all Techie International College staff to ensure the requirements of the Access, Equity and Reasonable Adjustment policy are always met. We are committed to ensuring that we offer training opportunities to all people on an equal

and fair basis. This includes people with disabilities, people from non-English speaking backgrounds, Indigenous Australians, and rural and remote students. All Students have equal access to our courses irrespective of their gender, culture, linguistic background, race, socio-economic background, disability, age, marital status, pregnancy, sexual orientation, or carer's responsibilities.

- Training services are delivered in a non-discriminatory, open, and respectful manner.
- Staff members are appropriately skilled in access and equity issues, including cultural awareness and sensitivity to the requirements of clients with special needs.
- Facilities are updated to provide reasonable access to clients of all levels of mobility and physical and intellectual capacity.
- Conducts client selection for training opportunities in a manner that includes and reflects the diverse client population.
- Provides culturally inclusive language, literacy and numeracy advice that assists clients in meeting personal training goals.
- Is accountable for its performance in adhering to the principles of the policy and welcomes feedback as part of its quality improvement system.

Techie International College recognises that inclusive and equitable training environments support better learner outcomes and is committed to identifying and removing barriers to participation. Students are encouraged to confidentially disclose any access needs or required adjustments to ensure appropriate support is in place, without compromising training or assessment standards.

Techie International College upholds the principles of access and equity in line with the Sex Discrimination Act 1984, Australian Human Rights Commission Act 1986, Racial Discrimination Act 1975, Equal Opportunity Act 2010, Victorian Equal Opportunity and Human Rights Commission and Disability Discrimination Act 1992.

Any issues or questions raised regarding access and equity can be directed to the Administration Manager. Staff and students are required to always comply with the Access and Equity Requirements.

If students have any suggestions as to how Techie International College can improve performance with respect to access and equity, or if students would like further information on anything included in the policy, please contact the Administration Manager or refer to the policy available at Techie International College's website www.techie.edu.au.

Students with special needs

Techie International College is committed to providing inclusive, equitable training and assessment practices that support all learners to achieve successful outcomes. In accordance with the Standards for RTOs 2025, TIC will apply reasonable adjustments where required to support students with disability, learning difficulties, or other identified support needs, without compromising the integrity of the unit or qualification outcomes.

All students are provided an opportunity to disclose their learning or support needs during the enrolment and orientation process or at any time throughout the course. This information is handled confidentially, and adjustments are made in collaboration with the student to ensure learning and assessment are accessible, while maintaining the competency standards outlined in the relevant training package.

Reasonable adjustments may include:

- Modified assessment methods (e.g., verbal responses instead of written)
- Adaptive technology
- Additional learning support or time
- Changes to physical environment or delivery methods

Adjustments will not provide an unfair advantage or reduce the competency requirements of the course. For courses that require specific physical competencies (e.g., manual handling or safety standards), reasonable adjustments will be applied only where they do not impact the regulatory or licensing requirements.

As part of the support process:

- All students will undertake a Language, Literacy, Numeracy and Digital Literacy (LLND) assessment prior to enrolment to help identify any additional support needs.

- Outcomes of LLND assessments or other support disclosures will inform the development of individual support strategies.
- Any agreed adjustments will be documented in the student's file and monitored throughout the course.

Techie International College upholds the principles of Access and Equity, the Disability Discrimination Act 1992, the Equal Opportunity Act 2010, and the Victorian Equal Opportunity and Human Rights Commission. Staff are trained to ensure that support is provided respectfully, fairly, and in alignment with relevant legislation and the RTO Standards 2025.

For further information or to discuss support options, students are encouraged to contact the Administration Manager or refer to the Access, Equity and Reasonable Adjustment Policy available on the TIC website or at reception.

Critical Incidents

As per standard 6.8 of the National Code 2018, Techie International College has its critical incident policy in place.

The policy ensures that critical incidents or potential critical incidents that could affect student's ability to undertake or complete the course in which they are enrolled are mitigated if possible or monitored so that support can be arranged if appropriate. The policy ensures that critical incidents and the actions taken are recorded in writing and are kept for a period of not less than two years after the student's enrolment has expired.

A Critical incident is defined as a traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear, or injury. Critical incidents that may cause physical or psychological harm could include events such as:

- Missing students
- Severe verbal or psychological aggression
- Death, serious injury or any threat of these
- Natural disaster
- Issues such as domestic violence, sexual assault, drug or alcohol abuse

It is Techie International College's intention to provide students with a safe environment on campus and advise students and staff on how they can enhance their personal safety and security.

Our Obligation to You

Techie International College is responsible for the quality of the training and assessment in compliance with the Standards for Registered Training Organisations 2025, and for the issuance of the AQF certification documentation. This means that the institute is obligated to deliver and assess students in accordance with the course requirements and to issue appropriate credentials to students who have met the assessment requirements and have been assessed as competent in the units of competency.

This means that the Institute is obligated to deliver and assess students in accordance with the course requirements and to issue appropriate credentials to students who have met the assessment requirements and have been assessed as competent in the units of competency.

Transfer Between Registered Providers

The National Code 2018 restricts the capacity of students to transfer to other providers prior to completing six months of their principal course. Techie International College will not actively recruit a student where this clearly conflicts with obligations under standard 7 of the National Code 2018 (Overseas student transfers).

Techie International College will not allow students to transfer to another provider within six months of the commencement of their principal course of study in circumstances where the transfer would be detrimental to them.

If students wish to apply for a transfer, they will need to apply at the institute for a release. There is no cost attached to apply for a release; however, students will be required to contact the Department of Home Affairs to seek advice on whether a new visa is required.

All applications will be assessed based on Techie International College's Policy, conditions of Enrolment, Fee Payment and Refund Policy, study plan and declaration submitted by the student in their application. Documented evidence supporting circumstances/reasons for seeking release must be included with the application or email submitted. Please refer to the Techie International College's transfer between provider's policy for more details on conditions where transfer may or may not be provided.

Deferral, Suspension and Cancellation

Students may request to defer the commencement of their studies or suspend their enrolment during their course on the grounds of compassionate or compelling circumstances. Such requests must be submitted in writing, accompanied by supporting documentary evidence.

Examples of compassionate or compelling circumstances include:

- Serious illness or injury (with medical certificate)
- Bereavement of an immediate family member
- Serious illness or trauma affecting an immediate family member
- Natural disaster or major upheaval in the home country requiring emergency travel

Students are required to contact Techie International College as soon as possible and arrange an appointment to discuss their situation. Following this, a formal written request must be submitted, along with documented evidence, for review.

Techie International College may also initiate suspension or cancellation of a student's enrolment due to serious misbehaviour, non-compliance with visa conditions, or breach of policies.

Where the student is an international student, any approved deferral, suspension or cancellation of enrolment will be reported to the Department of Home Affairs via PRISMS, and this may affect the student's visa status. For more information, refer to the Deferral, Suspension and Cancellation Policy available on the Techie International College website or contact the Student Support Office.

Our expectation from you

Techie International College expects you:

- To contribute to learning in a harmonious and positive manner irrespective of gender, race, sexual preference, political affiliation, marital status, disability, or religious belief.
- To comply with the rules and regulations of Techie International College.
- To be honest and respectful, which includes not falsifying work or information and not conducting yourself in any way that may cause injury or offence to others.
- To be responsible for your own learning and development by participating actively and positively and by ensuring that you maintain progress with learning modules.
- To monitor your own progress by ensuring that assessment deadlines are observed.
- To utilise facilities and Techie International College publications with respect and to honour our copyrights and prevent our publication from being distributed to unauthorised persons.
- To respect other students and Techie International College staff members and their right to privacy and confidentiality.

Student Obligation

Overseas Student Health Cover

If you are a student from overseas on a temporary student visa, it is a condition of your visa to maintain adequate health insurance for the duration of your visa. This means you need to purchase Overseas Student Health Cover (OSHC) and keep your policy up to date if you hold your visa.

OSHC assists international students to meet the costs of medical and hospital care they may need while in Australia. OSHC also includes ambulance cover and limited pharmaceuticals.

Some exceptions may apply if you are a student from Sweden, Norway, or Belgium. If this applies to you, you may have special

arrangements under your own national schemes - check with the Department of Home Affairs to find out if special arrangements apply to you and if you are exempt from the requirement to purchase OSHC.

As holding OSHC is a visa requirement, take care to always maintain your cover. If you do fall behind in payments or renewing your cover, you will be able to continue your cover, but you may not be able to claim for services you received while you were in arrears.

If your visa status or Medicare eligibility changes at any time, inform your insurer as soon as possible to find out whether your level of cover is still suitable. When your student visa expires, then you are no longer eligible to hold OSHC. You can then swap over to a residents' cover or to an Overseas Visitors Health Cover plan.

OSHC assists international students to meet the costs of medical and hospital care they may need while in Australia. OSHC also includes ambulance cover and limited pharmaceuticals. The OSHC premium cover must be paid before a student visa is issued. Techie International College can assist you in organising an OSHC cover for you if you wish. Contact our Student Services.

You can find out more about OSHC at

Full-Time Study

Overseas students are required to be enrolled in a full-time registered course to undertake study. Australian law requires international students to study a full-time study load. A full-time study load is normally a minimum of 20 scheduled course contact hours per week.

Academic Course Progress

Techie International College supports all learners to achieve positive training outcomes. Course progress is regularly monitored in line with our Training and Assessment Strategy, Standards for RTOs 2025 and the National Code 2018, Standard 8.

All students are expected to engage in scheduled classes, training activities, and assessment tasks as required. Academic progress is assessed at the end of each study period based on the student’s achievement of competency across units of competency.

Students must:

- Actively participate in all scheduled training and assessment activities.
- Complete assessments and practical components on time.
- Attend classes and seek help when experiencing difficulty.

Monitoring and Intervention

Progress is monitored throughout the course. A student is considered at risk if they are:

- Not on track to demonstrate competency in at least 50% of the units in a study period.
- Repeatedly absent from required classes (where attendance is a condition of the training and assessment strategy or visa requirements).
- Demonstrating disengagement with course requirements.

Students identified as at risk will be invited to participate in an intervention strategy, which may include:

- Additional academic support or coaching
- Modified learning plans
- Counselling or referral to support services

Unsatisfactory Progress & Reporting

A failure to achieve satisfactory course progress in two consecutive study periods (i.e., less than 50% unit competency) may result in being reported to the Department of Home Affairs (for international students), which could affect visa status.

For full details, students should refer to the Attendance and Course Progress Policy available on the Techie International College website or request a copy at Reception.

Attendance Requirements

Techie International College gives strong emphasis on attendance requirements. Techie International College will record and monitor attendance on regular basis, contact students who are not attending classes and identify appropriate support that can be provided to the students. Techie International College will ensure that students are provided with full support by implementing intervention strategies so that students can complete their course on time.

Techie International College has an Attendance and Course Progress policy, which states that students are required to maintain satisfactory course progress throughout the course. Students are also required to attend their classes and maintain 80% of attendance throughout the course.

Low attendance implies that students might not be able to complete their course on time and this will lead to students breaching their visa conditions. Hence, students are required to attend classes in accordance with course timetables to make satisfactory course progress.

Under the Education Services for Overseas Students Act 2000 and the National Code 2018, Techie International College will report the students demonstrating unsatisfactory course progress (failing to complete at least 50% of units for two consecutive study periods) to the Department of Home Affairs (DHA) via PRISMS. If students continue to fail the course progress requirements for two consecutive study periods, they will be reported to the Department of Home Affairs.

Satisfactory course progress: where a student can meet course progress requirements for a study period as identified in the Training and Assessment Strategy for each course. Satisfactory course progress is defined as successfully completing or demonstrating competency in at least 50% of the units in the study period.

Note: Students will not be reported based on attendance. However, Low attendance may lead to unsatisfactory course progress, which can lead to you being reported to the Department of Home Affairs (DHA) through PRISMS, as required under the National Code 2018 (Standard 8).

International students are required to be enrolled in a full-time registered course to undertake study. For VET courses, a full-time course is a minimum of 20 scheduled course contact hours per week, unless otherwise specified by ASQA. Students are required to participate in and attend the scheduled classes.

If an overseas student is not attending scheduled classes, but is making satisfactory progress in their course, then the course duration set may not be suitable for that student—because this implies that they may already have the skills, knowledge, and experience to progress in their course without receiving structured training.

In this case, Techie International College may invite the student to apply for RPL and will reduce the duration of the course to the minimum duration required, given the student's existing skills and knowledge, while maintaining a minimum of 20 scheduled course contact hours per week. Please refer to the Attendance and course progress policy available on Techie International College's website and/or student administration for more details.

Intervention Strategy

Techie International College ensures that it identifies, notifies, and assists students where there is evidence that the student is at risk of not meeting course progress and/or attendance requirements. Techie International College will provide support to

students through an intervention strategy to ensure that students are attending classes and achieving satisfactory course progress.

For students at risk of not meeting course progress or attendance requirements, an individual intervention plan will be developed based on the appropriate intervention strategy identified. It will be documented on Intervention Strategy form.

An intervention plan/intervention strategy will include an interview with the Administration Manager or Administration Manager/Academic officer or Student Support Officer, and it may include one or more of the following strategies:

- Attending counselling.
- English language support.
- Reviewing learning materials with the student and providing information to students in a context that they can understand.
- Providing extra time to complete tasks.
- Adjusting timetables
- Providing access to supplementary or modified materials.
- Providing supplementary exercises to assist understanding.
- Attending academic skills programs.
- Attending tutorial or study groups.
- Receiving assistance with personal issues which are influencing progress.
- Receiving mentoring.
- Referral to external organisations where Techie International College is unable to address the identified learning or academic issues:
- Being placed in a suitable alternative subject within a course or a suitable alternative course; or
- A combination of the above and a reduction in course load.

Change of Address

Student Obligation

Upon arriving in Australia, students are required to advise the institute of their residential address and telephone number and of any subsequent changes to their residential address. It is extremely important that students notify the institute of a change of address as, under Section 20 of the ESOS Act 2000.

Institute is obliged to serve a notice at the last known address of the student if the student breaches a student visa condition relating to attendance and/or academic performance. Institute may also send warning notices to students that are aimed at providing support to students and prevent breaches of visa conditions.

Hence, students must notify staff member of any change of their address and contact details within 7 days of change while enrolled at the institute, including:

- the student's current residential address, mobile number (if any) and email address,
- who to contact in emergency situations?

Failure to update the contact details means that students may not receive important information which may affect their course, their enrolment or visa. As per Tuition Protection Service (TPS) update, international students are required to update their current address at least every six months. It is the responsibility of students and in their interest to keep their records up to date to ensure they receive important information about their course, fees, and possible breaches of their student visa.

Additional information on student visa issues is available on the Department of Home Affairs website at <https://www.homeaffairs.gov.au/>

TIC's Obligation

All students enrolling in courses at TIC will be informed of any changes that may affect their training or support services. You will be notified as soon as practicable if there are changes to:

- Contact details or location of TIC.
- Course details, cost, duration, fees.
- Training products (e.g., superseded units; transition arrangements).
- Services provided (including support services)
- Ownership or management of TIC.
- TIC does not have any third-party arrangements for the delivery of training and assessment services. However, it does have agreements with education agents who provide recruitment services on behalf of TIC.
- Unexpected events impacting delivery, such as a natural disaster.

Student Complaints and Appeals Procedure.

The Institute has a student's Complaints and Appeals Policy and Procedure to provide students with a fair and equitable process for resolving any disputes or complaints they may have. TIC ensures that students have access to a fair, transparent, and accessible process to raise complaints or lodge appeals, in line with the Standards for RTOs 2025 (standards 2.7 and 2.8), National Code 2018 and ASQA's guidelines.

➤ **Informal Complaint Process**

Students who wish to make a complaint are encouraged to initially engage in informal discussion about the matter with the staff member/s involved. Any student with a complaint may first raise the issue informally with or Trainer and attempt an informal resolution of the complaint.

Students can choose to make an informal complaint and to comply with the requirements of SRTOS 2025 and the National code, informal complaints will be documented and recorded in the complaints register by the administration officer.

All informal complaints submitted by students will be acknowledged in writing by sending an e-mail to the student. Acknowledgement e-mail must summarise the complaint and any other facts and expectations taken place during informal discussions with the student. It is a requirement of the Standards for RTOs 2025 that the institute maintains written records of informal complaints as well as formal complaints.

Techie International College staff involved in the discussion of an informal complaint or appeal will do their best to resolve the matter efficiently, ensuring outcomes are provided within 30 calendar days. If Techie International College determines that more than 30 calendar days are needed to process and resolve a complaint or appeal, the complainant or appellant will be notified in writing. This notification will include the reasons for the extended timeframe. TIC will also provide regular updates on the progress of the matter until it is finalised. Students who are not satisfied with the outcome of the complaint, they will be advised to register a formal complaint.

What can a complaint be about?

A complaint can be about:

- The conduct or decisions of staff, students, or education agents
- The quality or delivery of training and assessment
- Administrative services or enrolment processes
- Breaches of policy or unfair treatment
- Assessment outcomes, Refund decisions, disciplinary actions

➤ **Formal Complaint Process**

Students who are not satisfied with the outcome of the informal process can register a formal complaint in writing to the Administration Manager/Student Support Officer/Complaints Officer. Students can also send an email alternatively to info@techie.edu.au.

TIC provides multiple accessible channels for submitting complaints and appeals: online forms, email, in-person submissions, or with the assistance of a support person. This includes support for students with language or other accessibility needs.

Impartiality is guaranteed by ensuring that staff involved in the investigation or resolution of a complaint or appeal were not involved in the original issue or decision under dispute.

Lodging a complaint

To register a formal complaint, a student must complete and fill a Student's Complaints Form to Administration Manager/Student Support Officer/Complaints Officer, providing:

- a clear and detailed statement of the complaint, including the parties involved.
- a suggested solution that the student believes would settle the complaint (E.g., an appropriate solution will focus on achieving a productive study environment or relationship, rather than apportioning blame).
- Complaint will be submitted in a complaint register.

The resolution phase: The Administration Manager/Student Support Officer/Complaints Officer will determine whether the subject matter falls within the definition of a complaint. This period is called the resolution phase.

The resolution phase will commence within 10 working days of the complaint being submitted in writing, i.e., assessment of complaints or appeal will commence within 10 working days of it being made and the outcome will be finalised as soon as possible.

Where it is determined that the subject matter falls within the definition, the following procedures will take place:

- **Acknowledging the Lodgement of a complaint**

Each formal complaint submitted by a student will be acknowledged in writing. The acknowledgement will be provided to the student in person and/or sent through the email in writing by admin staff.

The student support/admin staff will forward the complaint for action to the relevant person or department as soon as practicable and should not take more than 10 working days. Parties to complaint will not be part of the investigation team.

- **Recording the Complaint**

Details of the complaints will be recorded in Techie International College's complaints and appeals register and a copy will be filed in the student's file. The original complaint will be forwarded to the Administration Manager/Student Support Officer/Complaints Officer.

Administration Manager/Student Support Officer/Complaints Officer will be responsible for ensuring that all these actions are completed within five working days of the lodgement of the complaint.

- **Acting on Complaint**

All concerned parties will be contacted for investigation. Students will be given an opportunity to respond and present their case with supporting evidence.

Administration Manager/Student Support Officer/Complaints Officer will set an agenda for the meeting and discuss what steps should be taken.

The right to be accompanied by a support person during the complaints/appeals process: Parties making complaint will be invited for meeting and each involved party may be accompanied and assisted by a support person, according to the principles of natural justice. There will be an attempt to resolve the complaint by using the process outlined by the student for settlement (if appropriate) or through meeting, mediation and/or conciliation.

All the information will be gathered as required to assist with the settlement of the complaint, including, providing the respondent with the statement of the complaint and all the relevant documents.

Complaints will be investigated thoroughly in spirit of natural justice and principal fairness. Best possible resolution will be achieved keeping a student-centred approach based on the facts and documents.

- **Time frame**

The person making a complaint will be informed of the outcome in writing, and all complaints will be finalised within 30 calendar days. If Techie International College determines that more than 30 calendar days are needed to process and resolve a complaint or appeal, the complainant or appellant will be notified in writing. This notification will include the reasons for the extended timeframe. TIC will also provide regular updates on the progress of the matter until it is finalized

Where Techie International College determines that additional time is required to process and finalise a complaint or appeal, the complainant or appellant will be informed in writing of the reason for the delay. Techie International College will ensure that regular updates are provided via email or telephone and that the matter is addressed within a time frame that is reasonable, fair, and transparent.

If complaint falls outside the definition of complaints: Administration Manager/Student Support Officer/Complaints Officer will advise the student accordingly. Administration Manager/Student Support Officer/Complaints Officer may dismiss a complaint if a complaint is found to be outside the scope of this procedure, or lacking sufficient grounds or evidence to proceed, the student will be notified with clear reasons and advised of further options if appropriate.

Note: It is to be noted that Techie International College will respond to any complaint or appeal the overseas student makes regarding his or her dealings with the institute, Techie International College's education agents or any related party that Techie International College has an arrangement with, to deliver the overseas student's course or related services.

At the conclusion of the resolution phase, Administration Manager/Student Support Officer/Complaints Officer will write to both the student and the respondent, indicating the outcome of the process and specifying any action that has been agreed upon by the parties as part of that process. Students will be informed about their Right to appeal within 20 days of the complaints if dissatisfied with the outcome.

Record the decision: Institute's decision and reasons for the decision will be recorded and placed in the student's file.

If a student is dissatisfied with the outcome of the formal complaint process, students may initiate an internal appeal process by completing a Complaints and Appeal Form from the website www.techie.edu.au or student administration/reception.

- **Internal Appeals Process**

Internal appeals may arise from a number of sources, including appeals against refund decisions, assessment outcomes, appeals against disciplinary actions and appeals against decisions arising from complaints. The essential nature of an appeal is that it is a request by student who is dissatisfied with the outcome to reconsider a decision made by Techie International College.

An Internal Appeal Process is initiated by a student lodging an Appeal by filling up complaints and appeals Form available from Student Administration and/or Techie International College website.

- **Acknowledging the Lodging of a complaint**

Appeals are acknowledged by sending written confirmation of the complaint that is done by Administration Manager/Student Support Officer/Appeals officer.

- **Consideration of Appeal by Student Support Officer/ Appeals Officer**

Where an appeal relates to the following matters, the Student Appeals Form must be submitted within 20 working days (International Students):

- Notification of an intention to report the student to the Department of Home Affairs (DHA) or due to unsatisfactory Course Progress.
- Notification of an intention to suspend or cancel a student's enrolment due to misbehaviour, or other extenuating circumstances (ref. Student Code of conduct).

- **Time Frame and Acting on an Appeal**

Within 10 working days of receiving the Complaints and Appeal Form, the Chief Executive Officer (CEO) will appoint an Investigator or convene a Student Appeal Committee to hear the appeals and propose a final resolution. This Investigator or Committee will not include any person who has heard the original complaint. The Student Support Officer or Appeals Officer is

responsible for formally acknowledging receipt of the appeal, coordinating ongoing communication with the student, assisting the student throughout the process (such as arranging a support person or interpreter if required), and ensuring the process is conducted fairly, transparently, and within the designated timeframes. The Investigator or the Student Appeals Committee will:

- a. Meet with the student (and support person, if present) and provide the student with an opportunity to present their case with any supporting evidence provided in the meeting at minimal or no cost. At any given meeting to discuss an appeal, students will be given an opportunity to be accompanied and assisted by a support person.
- b. At the conclusion of the meeting, students will be informed about the timeframe within which the institute will provide a written outcome of the appeal. The timeframe will generally be 10 working days. After the meeting, the Investigator or Committee will, impartially, consider all the evidence and make a decision.

Student Appeal Committee

- Chief Executive Officer
- Student Support Officer/ Appeals Officer/ Administration Manager
- Investigator or nominee appointed by the CEO.

**Techie International College will ensure that assessment of the complaint or appeal is conducted in a professional, fair, and transparent manner.*

The outcome will be documented and will include the reasons for the decision. If the decision goes against the student, the outcome will include information for the student of his or her right to an external appeal. Details of the suitable external appeal bodies will be made available to the student with information at no cost associated with that.

If it becomes apparent that an appeal will require an extended period to be resolved, the appellant will be notified in writing, including the reasons for the extended timeframe. TIC will ensure the student is kept regularly informed via email or telephone of the progress and that the appeal is managed within a time frame that is reasonable and fair.

- **Recording the appeal:** Techie International College will keep a written record of the complaint or appeal, including statement of the outcome and the reasons for the outcome with signature and date of student and Administration Manager / Student Support Officer/ Appeals officer.

A written statement of the outcome of the internal appeal, including detailed reasons for the outcome will be sent to the student.

If matter remains unresolved or student is unsuccessful or dissatisfied with the outcome.

There might be cases where matter is still unresolved after the implementation of above procedures and the internal appeals process exhausted, or if the student is not successful in the Techie International College's internal complaints and appeals process. In such cases, Institute will advise the overseas student within 10 working days of concluding the internal review of the overseas student's right to access an external complaint handling and appeals process without any cost charged by Techie International College.

Note: Students' enrolment will be kept active until both internal and external appeal is concluded.

External Appeals Process

After the student has been advised of the external complaint handling process and procedure, Techie International College will provide students with contact details of the appropriate complaints handling and external appeals body.

Techie International College will refer the student to **Commonwealth Ombudsman** to lodge an external appeal or complain about the decision.

The Commonwealth Ombudsman offers free and independent service for overseas students who have a complaint or want to lodge an external appeal about a decision made by their private education or training provider.

In most cases, the purpose of the external appeals process is to consider whether the registered provider, i.e., Techie International College in this case, has followed its policies and procedures, rather than make a decision in place of the Institute. External appeal authority will be provided with sufficient information within due timelines requested.

For example, if an overseas student appeals against his or her subject results and goes through the internal appeals process of the Institute, the external appeals process would look at the way in which the internal appeal was conducted; it would not make a determination as to what the subject result should be. Complaints outcome will be entered in complaints register after external appeals has given a decision and copy of all relevant documents will be attached in that register.

Outcome

If the internal or any external complaints handling or appeal process results in a decision or recommendation in favour of the overseas student, Techie International College will immediately implement the decision or recommendation and/or take the preventive or corrective action required by the decision and advise the overseas student of that action or outcome.

Techie International College will maintain a written record of all complaints or appeals, including a summary of the issue and the outcome. Students will receive formal written acknowledgment (via email or letter) confirming the details of their complaint or appeal and the final decision or actions taken to address the matter. TIC uses the outcomes of complaints and appeals processes to support ongoing improvements in its training delivery and student support services.

Techie International College reviews all complaints and appeals to identify underlying issues and potential improvements. Outcomes are analysed to determine root causes, and this data informs updates to policies, procedures, training delivery, and student support services. Trends and recurring issues are reviewed during management meetings and internal audits to ensure that corrective actions are taken and embedded into future practice.

If a complaint or appeal cannot be resolved internally to the student's satisfaction, Techie International College provides clear, documented pathways for the matter to be escalated to an appropriate external review body. Details of the suitable external appeal bodies will be made available to the student with information at no cost associated with that. Contact details and guidance for initiating an external review will be included in the written outcome of the internal decision.

Examples of an external or independent body or person may include:

- private conciliators or dispute resolution counsellors
- a complaints and appeals body established by a peak industry body.
- representatives of Commonwealth and state or territory government departments, including the Office of the Training Advocate; or
- Commonwealth and state or territory offices of the Ombudsman may be the appropriate body for a public provider.

IMP NOTE: Commonwealth Ombudsman is a free and independent service.

Commonwealth Ombudsman contact details are:

- **Website:** <http://www.ombudsman.gov.au/>
- **Email:** ombudsman@ombudsman.gov.au
- **Contact Number:** 1300 362 072

Commonwealth Ombudsman investigates complaints about problems that overseas students have with private education and training in Australia. Commonwealth Ombudsman also:

- a) Provides information about best practice complaints handling to help private education providers manage internal complaints effectively.
- b) Publishes reports on problems and broader issues in international education that Commonwealth Ombudsman identifies through investigations.

For further information, please visit <https://www.ombudsman.gov.au/complaints/how-to-make-a-complaint> or contact Commonwealth Ombudsman by telephone, 9am to 5pm Monday to Friday, Australian Eastern Standard Time (AEST). In Australia, call: 1300 362 072 (calls from mobile phones at mobile phone rates). Outside Australia, call +61 2 6276 011.

Appeals related to Deferment, Suspension or Cancellation of Enrolment

Where a student has decided to access the appeals process in relation to deferment, suspension or cancellation of their enrolment, Techie International College will not update the student's status or report to the Department of Home Affairs (DHA) via PRISMS until the appeal process is completed.

Techie International College will maintain all relevant responsibilities until:

- the internal and external complaints processes have been completed and the breach has been upheld.
- the overseas student has chosen not to access the internal complaints and appeals process within the 20-working day

Complaints and Appeals Policy, and Procedure do not remove the right of students to act under Australia's consumer protection laws.

Unique Student Identifier

In accordance with the Student Identifiers Act 2014, Techie International College requires all students enrolling into their national recognized course at Techie International College to provide a valid Unique Student Identifier (USI) prior to enrolment or the commencement of training and assessment.

Techie International College will verify through the Registrar's system that the Unique Student Identifier (USI) provided by the student belongs to that individual before using the identifier for any purpose.

Techie International College will follow all privacy and data protection requirements during this process, in accordance with its Record Management Policy and Privacy Policy. USI does not appear on any certificates, statements of attainment or other public documents issued by Techie International College. It is in the student's best interest to keep this identifier in a safe place. If the student forgets their USI, it is possible to retrieve the information from the Department's website www.usi.gov.au.

The USI is an identifier known only to the issuing RTO, the student, and the department. All students undertaking vocational education and training must hold a Unique Student Identifier (USI) and provide it to Techie International College during the enrolment process. If students do not provide a USI, Techie International College will not be able to issue a Certificate, Statement of Attainment or Transcript for the training. For details on USI, visit www.usi.gov.au. Students are encouraged to create their Unique Student Identifier (USI) independently. Techie International College may assist in creating a USI if the student provides appropriate consent via the application form and submits valid forms of identification at the time of enrolment.

Important Information

Working in Australia

Australian Immigration laws allow students to work for a limited number of hours whilst studying on a student visa in Australia. Students must not work for more than 48 hours a fortnight when a student's course of study or training is in session. A fortnight means the period of 14 days commencing on a Monday.

School-aged dependents

Students must maintain adequate arrangements for the education of their school-age dependants who are in Australia for more than 3 months as a dependant on student's visa.

There are requirements for compulsory school attendance for dependents of international students. In Australia, it is compulsory for children to attend school until the age of 16. The choice of schools includes public schools, private schools, and religious schools. People over the age of 16 can continue to attend school until they have completed year 12. Dependents of persons holding a student visa may be required to pay full fees in any institute or university that they enrol in whilst in Australia. Information about this legislation will be provided during the course.

Third-Party Arrangements and Education Agents

Techie International College does not engage any third-party organisations to deliver training, assessment, student support, or administrative or any other services on its behalf. All core services are delivered directly by Techie International College, ensuring quality, consistency, and compliance with the Standards for RTOs 2025.

However, TIC does engage Education Agents for the purpose of recruiting international students. These agents are authorised to promote our courses and assist with the application process.

A full list of authorised Education Agents is available on our website: www.techie.edu.au.

Techie International College remains fully responsible for ensuring that all agents accurately represent the Institute's services and adhere to ethical recruitment practices.

If you have feedback or concerns regarding an agent or their representative, please contact our Student Support Team at info@techie.edu.au or call us at +61 42 264 7275.

Use of Education Agents

Techie International College engages with on shore and offshore Agents to recruit students. Full list of Agents can be found on Techie International College's website www.techie.edu.au. Techie International College is responsible to ensure that its agents accurately represent Techie International College's services on their behalf. If you have any feedback or concerns regarding services provided by Agents or its representatives, please contact Techie International College students support at info@techie.edu.au or give us a call at +61 42 264 7275.

Techie International College has undertaken steps to be compliant with the ESOS Act 2000 and standard 4 (Education Agents) of the National Code 2018 which includes entering into written agreements with each education agent that Techie International College engages with, implement Education agent's policy and procedures, Education Agent Performance Review Assessment conducted by marketing staff to ensure that agents always comply with the standards.

Students must be aware that information collected from students on application form may be shared with their authorised education agent if required. Therefore, it is student's responsibility to notify Techie International College if planning to change or have changed their authorised education agent within 5 working days.

Use of personal information

Information is collected during enrolment in order to meet the institute's obligations under the ESOS Act 2000 and the National Code 2018 and to ensure student's compliance with the conditions of their visas and their obligations under Australian immigration laws generally.

Information collected about students may be provided, in certain circumstances, to the Australian Government and designated authorities and, if relevant, the Tuition Protection Scheme. In other instances, information collected during enrolment cannot be disclosed without the student's consent where authorised or required by law. It is a requirement of the VET Quality Framework that students can access personal information held by the institute and students may request corrections to information that is incorrect or out of date. Students may apply in writing to Administration Manager if they wish to view their own records.

Safety and Security

Your safety

Techie International College is committed to providing you a safe environment in which to participate in training and assessment. We are aware under the Occupational Health and Safety Act 2004 of our responsibilities to maintain a safe environment. The following guidelines are provided as a basis for safe practice in the training environment:

- Know and observe details of emergency response and evacuation plans.
- Do not undertake activities which may cause injury to self or others.
- Be responsible for your own actions.
- No smoking at the training and assessment facilities or offices.
- Report all potential hazards, accidents, and near premises to Techie International College's staff.
- No consumption of alcohol within training facilities or during training and Assessment Activities
- Always keep training and assessment areas neat and tidy.
- Seek assistance if you volunteer to lift items, e.g., move furniture in a training area; and
- Observe hygiene standards particularly in eating and bathroom areas.
- Electrical equipment.
- Electrical equipment that is not working should be reported to Techie International College staff.
- Electrical work should only be performed by appropriately licensed or trained personnel. Students, trainers, and assessors should not undertake any task related to fixing electrical equipment such as lighting or electrical training aids.

Fire safety

- Techie International College will undertake training session to communicate the procedures involved in evacuation and the location of fire equipment to students at each facility for each training and assessment event, and to users of the office at least twice each year.
- All users of a training and assessment facility need to be familiar with the location of all Exits and fire extinguishers. Users will consult available maps to determine location.
 - It is the user's responsibility to understand fire drill procedures displayed around the premises.
 - Users are asked to attend any sessions on fire safety procedures and the use of fire safety devices.

First aid

- Provision for first aid facilities is available where training is delivered.
- All accidents must be reported to staff.
- The accident and any aid administered must be recorded by staff involved, in the injury register.
- Techie International College trainer and assessors are equipped with skills and Knowledge in Australia

Lifting

- Students, trainers, and assessors are encouraged not to lift anything related to the training and assessment provided by Techie International College unless they do so voluntarily and taking all responsibility for any injury caused.
- Never attempt to lift anything that is beyond your capacity.
- Always bend the knees and keep the back straight when picking up items.
- If you have experienced back problems in the past do not attempt to lift heavy objects at all. Ask someone else to do it for you.

Work & study areas

- Always ensure that all work areas are clean and clear of clutter so as to avoid the danger of accident by tripping or falling over.
- Place all rubbish in the bins provided.
- Ensure that bench spaces are left clean and tidy.
- Do not sit or climb on any desks or tables.

Your equity

Techie International College is committed to ensuring that the training and assessment environment is free from discrimination and harassment. All Techie International College staff members are aware that discrimination and harassment will not be tolerated under any circumstances. In the event that discrimination and harassment is found to have occurred disciplinary action will be taken against any staff member of Techie International College who fails to follow this policy. Suspected criminal behaviour will be reported to police authorities immediately. Students should expect fair and friendly behaviour from Techie International College staff members, and we apply complaint handling procedures advocated by the Australian Human Rights Commission. Refer to the Complaints and Appeals Policy and procedures of Techie International College available on the website or can be made available at the reception.

Students who feel that they have been discriminated against or harassed should report this information to a staff member of Techie International College whom they can trust. This will initiate a complaint handling procedure which will be fair and transparent and will protect your rights as a complainant. Alternatively, if a student wishes to report an instance of discrimination or harassment to an agency external to Techie International College, they are advised to contact the Australian Human Rights Commission Complaints Info-line on 1300 656 419.

Access, correction, and complaints

Under the Privacy Act 1988 (Privacy Act), you have the right to seek access to or correction of your own personal information. You may also complain if you believe your privacy has been breached.

Please refer to Techie International College's privacy policy for more information and visit information on The Office of the Australian Information Commissioner (OAIC) at: <https://www.oaic.gov.au/>

Techie International College Policies and Procedures

Students have access to all relevant administrative and academic policy and procedures. They are published on our website www.techie.edu.au or can be made available from the reception.

Student Rights as a Consumer

As a consumer, a student has the right to receive factual and accurate information about the courses offered by Techie International College before making an enrolment decision. To ensure this, Techie International College has stringent policies and procedures in place.

It is very important that you read this handbook carefully before enrolling with Techie International College to ensure that the course meets your requirements and that you fully understand the fees and your obligations as a student. The written

agreement and the right to make complaints and seek appeals of decisions and action under various processes, does not affect the rights of the students to act under the Australian Consumer Law if the Australian Law applies.

Media Consent

The Application form gives you the opportunity to decline permission for Techie International College to use any representation of your time here for promotional purposes. Please be sure to read the “Media Consent” section of the Application Form.

From time to time, Techie International College staff may request to take photographs/videos or verbal/written interviews/testimonials of students at Techie International College or at places where the student is involved in an activity. These creations may be used in a classroom, campus posters or could be published by Techie International College in print, digital or broadcast media such as documents, the student magazine, website, television, YouTube, social media platforms, newsletters, displays, journals, professional development materials for trainers and marketing collateral. Staff may also at times request that students provide any of the above of the students’ own creation for the same purposes. You have a right to refuse use of your image or work for such creations. Students may also reverse their decision to decline Media Consent by signing a Media Consent Form at the time of any such request and withdraw any time by sending a mail or by contacting Techie International College student administration.

Fees Payable

- a) The initial tuition fee, application fee and material fee (if applicable) as stated in the offer letter must be paid in advance before the commencement of the course for confirmation of enrolment at the institute.
- b) Students are not required to pay more than the initial tuition fee amount as stated on the offer letter (or 50% of the tuition fee) before the start of the course. However, students can pay more than 50% if they wish to do so. Any amount of fees paid before the start of the course will be reflected on the Confirmation of Enrolment (COE).
- c) Any remaining tuition fees can be paid through payment plan arrangements. All students are required to understand and sign the fees agreement which states the next instalment amounts with the due dates. All due dates on the tuition fees will be kept at standard 15th of every month.
- d) Student must pay full tuition fees for each term by the due date or as specified in the invoices unless any other payment plan/arrangement is agreed with the institute.
- e) Tuition fees will be payable to the Institute by a bank draft or telegraphic transfer (or other approved payment options) in Australian dollars as agreed by the institute.
- f) Students must pay their fee directly to Techie International College. Student should not pay the fee to the agent and/ or third party in relation to the application for enrolment.

Reminder letter

In case the student's instalment falls on a particular month, a friendly email reminder along with the fee warning letter will be issued to the student the date when the student has missed the payment. Students may also be informed via email or phone call.

If a student fails to make the payment of the outstanding fees even after fee notice and/or email. Student’s enrollment will be cancelled after 20 working days of fee notice. The cancellation of the enrolment will cause following restrictions to apply:

- i. Loss of access to the institute’s Learning Management System, classroom, computer system, including internet and others.
 - ii. Loss of access to enrolment records, results, and academic certificates.
 - iii. Inability to attend any classes where this may result in students having to repeat missed work and/units.
- IV students are required to re-enrol in the course if they wish to pay the remaining course fee after cancellation.

The student has the right to appeal against the decision from the date of letter. Refer to complaints and appeal policy for information available on Techie International College’s website. If the student decides to appeal against the decision, his/her enrollment will be kept active until both internal and external appeal process is completed.

- h) If students choose not to appeal against the institute’s decision and makes no further payment or do not contact the institute concerning their debt, their enrolment may be cancelled, and the student will be reported to the Department of Home Affairs for non-payment of fees.
- i) If student decides to not appeal against the decision and accepts to pay the fees, then students will be required to pay the full dues along with late fee of \$50 per week.
- j) Students will be given total 3 attempts including 1 original plus 2 reassessments.

Cost of reassessment will be as follows:

- 1st Original submission: Free of cost
- 2nd Reassessment fee: Free of cost

- 3rd Reassessment fee: \$300

If student fails in the 3rd reassessment, then students will have to repeat unit. Repeat unit fee- \$300.

k) Students who enrol in additional courses will be required to pay a separate tuition fee as specified for the course.

l) The tuition fee charged to the student will remain the same provided the student remains enrolled in the same course. If the student transfers the course, tuition fee for the transferred course will be applied.

Please Note: Fees are subject to change without prior notice. However, fees will remain the same once the student is enrolled into a course. Students are advised to contact student administration for updated fees and charges.

m) If the student's visa status changes (e.g., becomes a temporary or permanent resident), the student will continue to pay full overseas student fees for the duration of the enrolled program.

n) Techie International College reserves the right to engage in any third party to recover any outstanding fees payable to the institute. The cost incurred to the Institute for engaging a third party to recover such outstanding fees will be charged to the student.

o) Techie International College has Refund's policy and procedures to ensure all students are treated fairly and with integrity when applying for refunds.

p) All refunds applications will be submitted to the student administration department and the following procedures will be followed in assessing the application.

q) All 'refunds' will be approved by the Administration Officer and the applications will be processed within 10 working days of the application being placed.

Student cancellation

Students who cancel their enrolment part way through a training program must notify Techie International College in writing via email or at Techie International College's reception at the soonest opportunity. Students who cancel their enrolment after a training program has commenced will not be entitled to a refund of fees. Students are advised to consider alternative options, such as requesting to suspend their enrolment and re-commencing in another scheduled training program.

Refunds

Process of Claiming Refund

A student who wishes to apply for a refund of tuition fees in accordance with the refund policy should do so by filling up a Refund Application form available at Techie International College's reception and on Techie International College's website

www.techie.edu.au. Students must submit refund application form along with other supporting documents on campus. The documents should be submitted to:

Accounts/Administration Manager
Techie International College Pty Ltd T/A Techie International College
Building C, 60 Belfast Street, Broadmeadows, Victoria 3047

Or

Email us at info@techie.edu.au

All students' refunds are conditional on the following:

A. Course Withdrawal

- i. Where a written notice of withdrawal is received by the Institute at least **12 full weeks or more before the agreed start date** of the course or term, the institute will refund 100% of the fee received except application fee.
- ii. Where a written notice of withdrawal is received by the institute within **6 to 11 full weeks before the agreed start date** of the course or term, the institute will refund 50% of the fee received except application fee.
- iii. Where a written notice of withdrawal is received by the institute within **5 full weeks or less before the agreed start date** of the course or term, no refund will be provided.
- iv. Where a written notice of withdrawal is received by the institute **after the start date** of the course or term, no refund will be provided.
- v. Where the student defaults, including withdrawing from a course, after the course/term start date, students will be liable to pay full tuition fee for that study period and there will be no refund of paid tuition fees.
- vi. It should also be noted that if the student's enrolment falls within no refund timelines before the agreed start date of the course, then there will be no refund.
For example: If a student enrolls in week 5 before the course start date, he/she will not be eligible for refund as the enrolment falls in no refund time period of 5 full weeks prior to the agreed start date of the course.
- vii. If the refund application is approved, refund will be paid within the period of 4 weeks after receiving written notification/claim from the student and relevant forms duly signed by the student.
- viii. The institute must have received funds in order for any refunds to be made available (i.e., cheques are cleared, telegraphic transfers have been received).

B. Student Defaults

An overseas student or intending overseas student defaults, in relation to a course at the location, if the student himself/herself initiates termination of enrolment like:

a) The course starts at the location on the agreed starting day, but the student does not start the course on that day (and has not previously withdrawn).

or

b) the student withdraws from the course at the location (after the agreed starting day).

Or

c) the institute refuses to provide, or continue providing, the course to the student at the location because of one or more of the followings:

- the student failed to pay an amount payable to the provider for the course.
- the student breached a condition of his/her student's visa, and his/her visa has been refused.
- misbehaviour by the student {Note: the student is entitled to natural justice under subsection 47A (3)}

Note: If students do not commence studies in a course (i.e., the student does not start the course on that day) or when they are due to commence and have not notified the institute in writing within 31 days of the course commencement, then student's enrolment will be cancelled based on non-commencement of studies.

A student does not default for failing to start a course on the agreed starting day if he/she does not start that course because of the provider defaults in relation to the course at the institute.

Techie International College will pay the refund to the following person:

a. the student

b. if a person (other than the student) is specified in the student's written agreement to receive any refund - the specified person.

Techie International College will pay a refund within the period of 20 working days after receiving a written claim from the student.

C. Visa Refusal

If a student's visa application or visa renewal is refused by the Australian Government prior to commencement, a refund of course fees will be made, and visa refusal refunds will be calculated in accordance with the legislative instrument under subsection 47E (2).

The calculation under subsection 47E (2) is as follows:

The amount of unspent pre-paid fees that the provider must refund the student for the purpose of Subsection 47E (2) of the Act is the total amount of the pre-paid fees that the provider received for the course in respect of the student less the following amount (the lesser of):

- a) 5% of the total amount of pre-paid fees that the provider received in respect of the student for the course before the default day; or
 - b) the sum of \$500.
- Whichever is lesser.

Students must provide the Institute with substantiated evidence of their student visa refusal.

If an international student currently in Australia has their student visa application refused by the Department of Home Affairs (DHA) after the commencement of their studies; refund will be calculated as follows:

The refund amount = weekly tuition fee x the number of weeks in the default period

- a. The weekly tuition fee = total tuition fee for the course/number of calendar days in the course x seven (7).
This amount is rounded up to the nearest whole dollar.
- b. The number of weeks in the default period = number of calendar days from the default day to the end of the period to which the payment relates / seven (7).

No refunds will be granted where:

- a) An international student currently in Australia has their student visa cancelled by the Department of Home Affairs (DHA) for a breach of visa conditions.
- b) The refusal was a reason for one or more of the following acts or omissions by the student that directly or indirectly caused the student to default in relation to the course at the location:
 - (i) The student's failure to start the course at the location on the agreed starting day.
 - (ii) The students' withdrawal from the course at that location.
 - (iii) The student's failure to pay an amount he or she was liable to pay the provider, directly or indirectly, to undertake the course at that location.

As per the ESOS Act 2000 (47D), Refund payments to students following visa refusals will be paid within a 4 weeks' timeframe after receiving a written claim from the student and relevant forms duly signed by the student. Students must provide the institute with substantiated evidence of their student visa refusal.

D. Provider Default

I. In the unlikely event that the institute is unable to start or deliver the course (known as provider default), the student can choose to accept either:

- A refund of course fees, which will be issued to the student within 14 days.
- Or be placed in an alternative course with the institute or another provider. If the student chooses this option, they must sign a new written agreement to indicate that they have accepted the placement.
- If the student chooses to receive a refund of course fees, the institute will calculate the unspent portion of tuition fees paid to date (i.e., tuition fees the student has paid for, but which has not been delivered by the institute). The refund will be paid within 14 working days after the cessation of the course.
- If the institute is unable to provide a refund or place the student in an alternative course, the TPS will provide the student with options for suitable alternative courses (if any such courses are available), or if this is not possible, the student will be eligible for a refund as calculated by the TPS Director.

I. Refund Process

- a. The student must apply for refund using the *Refund Form* available on the website or from the reception, along with the evidence and supporting documents. Such documents include:
 - a completed refund application form provided by the institute.
 - a letter from DHA advising of a rejection of the student visa application or a refusal to extend a student visa,
 - Proof of extenuating circumstances of a compassionate nature.
- b. Refunds will be made within 4 weeks of the receipt of the completed refund application form along with full supporting document by the institute (*in case of student's default*).
- c. Refunds will be made within 14 working days of the receipt of completed refund application form along with supporting documents by the institute (*in case of Techie International College default*).
- d. Students can nominate a person(s), other than the overseas student, who can receive a refund in respect of the overseas student identified in the written agreement, consistent with the ESOS Act.

II. Payment of Refunds

- a. Refunds will be paid in Australian dollars via bank transfer to the bank account number nominated by the student on the refund application form.
- b. Refund to International banks will be made in the Australian currency whereby the student will receive refund amount equivalent to Australian dollar exchange rate on the date of transfer.

Note: Timeline for refund

It is to be noted that refund will be made available to students differently based on the student's default and provider's default.

- i. **In case of Student default:** Refund will be paid within the period of 4 weeks after receiving written notification/claim from student and relevant forms duly signed by the student.
- ii. **In case of Provider's default:** Refund will be paid within the period of 14 days after cessation of the course.

Cooling-off period

Techie International College will provide applicants a 7-day cooling off period. This means that if a student accepts the offer letter to study at Techie International College and pays Techie International College relevant course fees as per the signed agreement. If the student changes their mind (for any reason), a full refund of course fees paid till date will be provided. Students must notify Techie International College in writing within 7 days of the signed agreement date.

Student's Rights to Appeal

Any student who is refused for a refund by the institute may appeal within 20 working days in writing to the Student Support Officer and follow the complaints and appeal process of Techie International College.

The institute's appeal process does not restrict the student's right to pursue other legal avenues. The written agreement and the right to make complaints and seek appeals of decisions and action under various processes, does not affect the rights of the student to act under the Australian Consumer Law if the Australian Consumer Law applies.

Tuition Protection Services

Protection of tuition fees paid in advance by student visa holders is undertaken in accordance with ESOS requirements and the Tuition Protection Service Framework. The Tuition Protection Service (TPS) is an initiative of the Australian Government to assist international students whose education providers are unable to fully deliver their course of study. The TPS ensures that international students can either:

- Complete their studies in another course or with another education provider or
- Receive a refund of their unspent tuition fees.

Techie International College is compliant with the ESOS requirements of the Tuition Protection Service (TPS), which is a replacement and refund service for international students.

It is an unlikely event that Techie International College is unable to deliver a course that you have paid for and does not meet their obligations to either offer you an alternative course that you accept or pay you a refund of your unspent prepaid tuition

fees (this is called a provider default obligations), the TPS will assist you in finding an alternative course or to get a refund if a suitable alternative is not found.

For more information on Tuition Protection Service, visit: <https://tps.gov.au>

Payment Method

Techie International College accepts payment for fees using:

- Credit Card
- Electronic Funds Transfer (account details available on request)
- Direct debit (By setting direct debit with administration team at Techie International College)
- Payment in cash is discouraged.

Payment Instructions – How to Pay

Techie International College is required to operate in accordance with the law. This means we comply with the requirements of legislative and regulatory requirements. The following legislation is a list of the Acts that Techie International College has recognised it has compliance responsibilities to. They also represent obligations to you as a student whilst training with Techie International College.

During your day-to-day work and when participating in training, you will need to be aware of the relevant legislation that may impact on your conduct and behaviour.

Copies of State and Federal legislation can be found on the Internet at www.legislation.gov.au (Federal), www.legislation.vic.gov.au (State).

The following is a summary of the legislation that will generally apply to your day-to-day work and training.

ESOS Framework

The Australian Government wants overseas students to have a safe, enjoyable, and rewarding place to study. Australian laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS Framework and include the Education Services for Overseas Students Act (the ESOS Act) and the National Code of Practice for Providers of Education and Training to Overseas Students 2018 (the National Code 2018).

ESOS Act: The Education Services for Overseas Students Act 2000 (ESOS Act) sets out the legal framework governing delivery of education to international students in Australia on a student visa. It sets out the registration requirements and the ongoing standards for education providers that offer courses to overseas students. For more information, kindly refer to <https://www.legislation.gov.au/Series/C2004A00757>

National Code of Practice for Providers of Education and Training to Overseas Students 2018 (referred as National Code 2018) is a legislative instrument made under the Education Services for Overseas Students Act 2000 (Cth) and sets nationally consistent standards to support providers to deliver quality education and training to overseas students. , kindly refer to <https://www.legislation.gov.au/Details/F2017L01182>

Occupational Health and Safety Act 2004

The Occupational Health and Safety Act 2004 (OHS Act) is the primary legislation governing workplace health and safety in Victoria. It outlines the key principles, employer responsibilities, and worker rights regarding health and safety in the workplace. The Act mandates a duty of care for employers, employees, and others to identify, manage, and minimize risks to health and safety. Employers are required to consult with workers and implement effective risk management practices. WorkSafe Victoria is responsible for enforcing the Act and has the authority to impose penalties for non-compliance. Employers must report serious incidents and potential risks to WorkSafe.

The Occupational Health and Safety Act 2004 (OHS Act), along with the Occupational Health and Safety Regulations 2017, establishes the legal framework and safety standards for the use, maintenance, and management of workplace equipment. These regulations are designed to ensure that equipment is safe, properly maintained, and appropriate for its intended purpose.

All equipment used in the workplace must meet strict safety standards to prevent risks to workers' health and safety. Employers are required to assess potential risks associated with equipment, ensure employees are properly trained in its use, and maintain the equipment in good condition. Non-compliance with these standards can lead to penalties and enforcement actions by WorkSafe Victoria. For more information, visit www.worksafe.vic.gov.au.

Privacy Act 1988

Disability Discrimination Act 1992

Techie International College Pty Ltd t/a Techie International College

Document Name: International Student Handbook

Ph Num: +61 42 264 7275 | E: info@techie.edu.au | W: www.techie.edu.au

ABN: 72 620 152 267 | Version no: 3.0 Aug 2025

Sect 5 - Disability Discrimination

(1) For the purposes of this Act, a person (discriminator) discriminates against another person (aggrieved person) on the grounds of a disability of the aggrieved person if, because of the aggrieved person's disability, the discriminator treats or proposes to treat the aggrieved person less favourably than, in circumstances that are the same or are not materially different, the discriminator treats or would treat a person without the disability.

For the purposes of subsection (1), circumstances in which a person treats or would treat another person with a disability are not materially different because different accommodation or services may be required by the person with a disability.

Sex Discrimination Act 1984

Objects The objects of this Act are:

- to give effect to certain provisions of the Convention on the Elimination of All Forms of Discrimination Against Women; and
- to eliminate, so far as is possible, discrimination against persons on the ground of sex, marital status, pregnancy, or potential pregnancy in the areas of work, accommodation, education, the provision of goods, facilities and services, the disposal of land, the activities of clubs and the administration of Commonwealth laws and programs; and
- to eliminate, so far as possible, discrimination involving dismissal of employees on the ground of family responsibilities; and
- to eliminate, so far as is possible, discrimination involving sexual harassment in the workplace, in educational institutions and in other areas of public activity; and
- To promote recognition and acceptance within the community of the principle of the equality of men and women.

Racial Discrimination Act 1975

This Act gives effect to Australia's obligations under the International Convention on the Elimination of All Forms of Racial Discrimination. Its major objectives are to:

- promote equality before the law for all persons, regardless of their race, colour or national or ethnic origin, and
- make discrimination against people based on their race, colour, descent or national or ethnic origin unlawful.

Copyright Act 1968

Copyright is a type of property that is founded on a person's creative skill and labour. It is designed to prevent the unauthorised use by others of a work, that is, the original form in which an idea or information has been expressed by the creator.

Copyright is not a tangible thing. It is made up of a bundle of exclusive economic rights to do certain acts with an original work or other copyright subject-matter. These rights include the right to copy, publish, communicate (e.g., broadcast, make available online) and publicly perform the copyright material.

There is no general exception that allows a work to be reproduced without infringing copyright. Where a part of a work is copied, the issue is whether a substantial part of that work has been reproduced and thus an infringement has occurred. However, there is a 10% rule which applies in relation to fair dealing copying for the purposes of research or study. A reasonable portion of a work may be copied for that purpose, and a reasonable portion is deemed to be 10% of a book of more than 10 pages or 10% of the words of a work in electronic form.

Fair Work Act 2009

The main objectives of this Act are to provide a balanced framework for cooperative and productive workplace relations that promote national economic prosperity and social inclusion for all Australians by:

- Providing workplace relations laws that are fair to working Australians, are flexible for businesses, promote productivity and economic growth for Australia's future economic prosperity and consider Australia's international labour obligations.
- Ensuring a guaranteed safety net of fair, relevant and enforceable minimum terms and conditions through the

- National Employment Standards, modern awards, and national minimum wage orders.
- Enabling fairness and representation at work and the prevention of discrimination by recognising the right to freedom of association and the right to be represented, protecting against unfair treatment and discrimination, providing accessible and effective procedures to resolve grievances and disputes, and providing effective compliance mechanisms.
